1776  
TO  
1976

R. Adolph Davis,  
Have fun this summer  
in Moscow. Good luck  
undermining the government  
of the United States. Give  
my regards to Benito and  
Fidel. See you later.

Tom Krutach

P.S. Who is him?

The Communist Manifesto  
In our past history we have seen  
the great atrocities and heinous crimes  
brought on by Communists, Marx and Kant  
were the incitations of the breach of doubt  
which Nietzsche portrayed by his notorious motto:  
"God is dead." In the wicked and servile conditions  
which democratic peoples face, the communist snake  
slithers into the free minds of liberty and constricts  
around capitalism with no regard to sanity. Hegel  
couldn't have done better than to impose doubt in  
the proletariat, thus causing a rise against  
the bourgeois order, but at the same time,  
mass confusion without end.

Nietzsche  
Marx

Kant  
Hegel

Dick.  
Well  
a... a... a...  
a... a... a...  
Well a... a...  
you know.

P.S. Pon told me to put  
this. Have fun this summer  
he's on the job. So he or she  
can't eat my bicycle tires.

Dick,  
1475, 10-15-20,  
(In future years, you  
won't remember, but  
this was your locker  
combination. Good  
luck in the future  
always. Don Ward

PS Say hello to Morris  
(again in the future, Morris  
is a green car made in  
England in the 1960')

Richard,

Had some pretty good  
times in your driver's  
Ed car. Phew! One  
more year to go in  
high school, then  
College! I'm really  
looking forward to  
the future and am  
happy <sup>with</sup> the past.  
Good luck in all  
of your future  
endeavors.

Best Wishes

Dick,  
Even though you accuse me  
of ~~doing~~ pulling a lot of tricks on  
you, I plead innocent. Good  
luck on your summer trip  
to all communist nations  
and visits back to the past  
with Adolph, Benito, Nikolai,  
Joseph (Halin) and Karl Marx.  
If you ever run for premier  
of Russia, you have my vote!  
Good luck in the future.

Have a good  
coming year.

# PRIDE

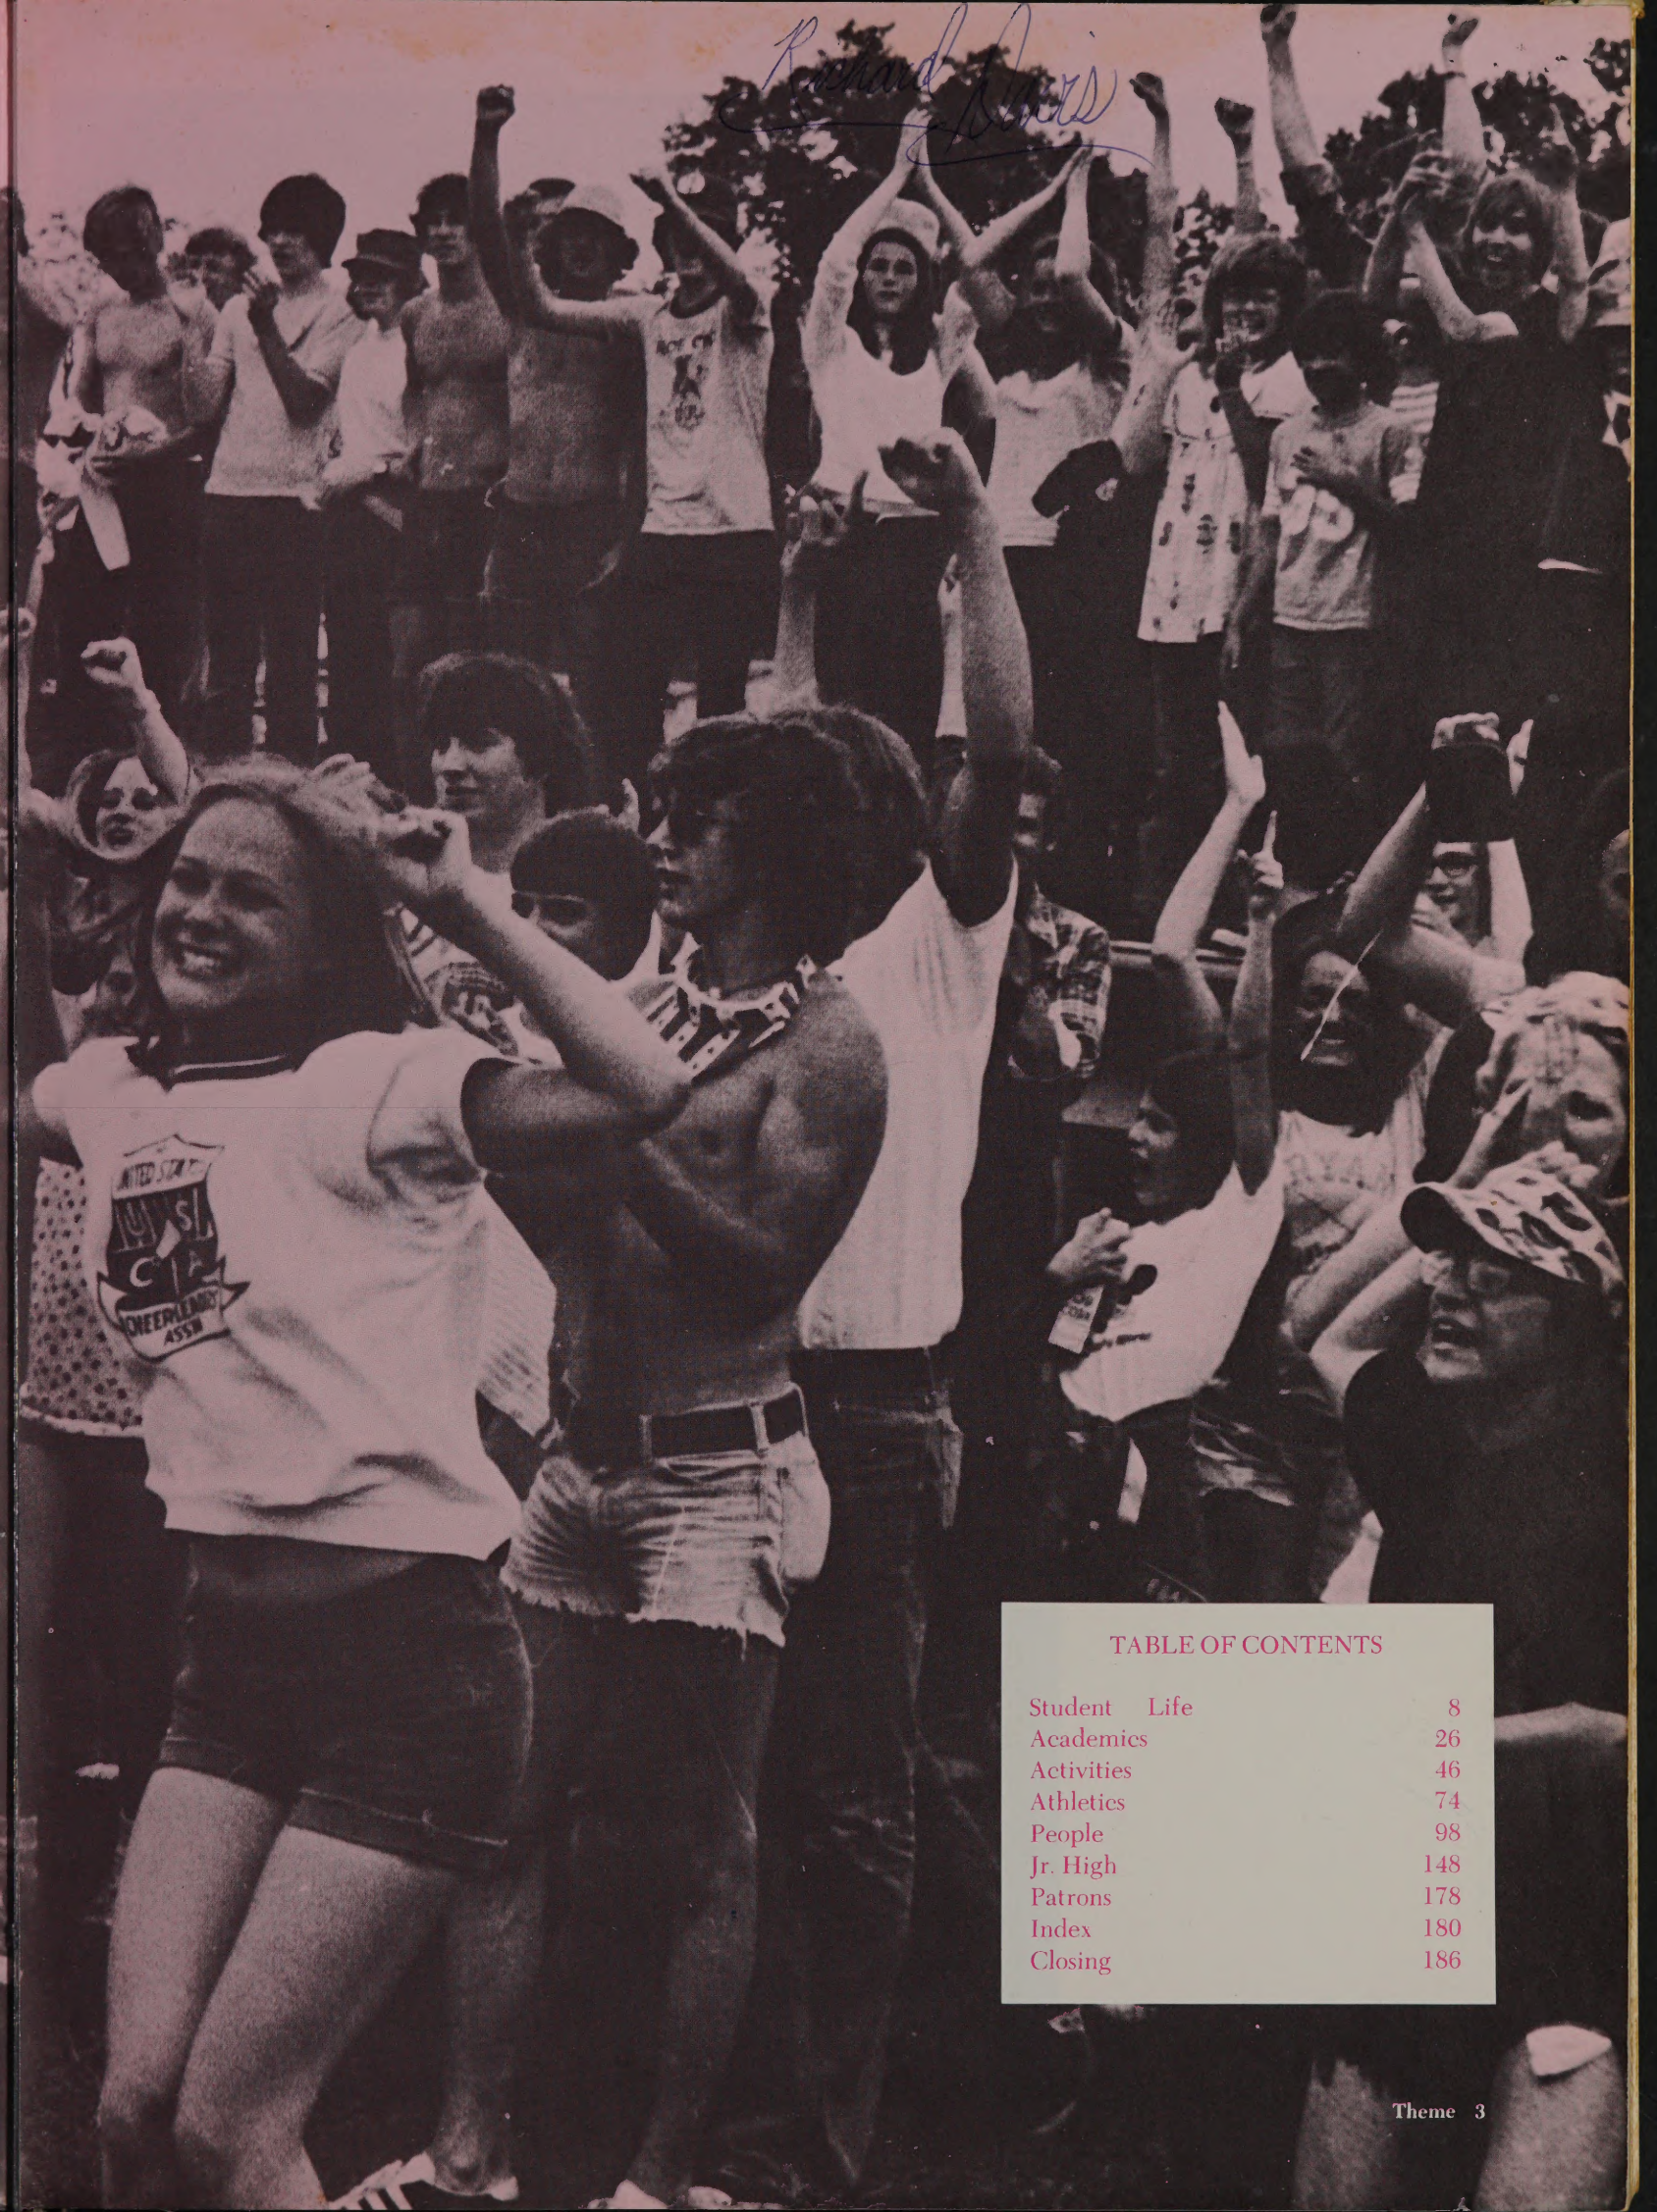

## Pride of '75 and the Spirit of '76

What does pride mean? Is there pride in our school? Webster's dictionary says that pride means a proper feeling of esteem for one's own qualities or achievements.

## Pride of '75 and the Spirit of '76

What does spirit mean? Is there spirit in our school? Webster's dictionary says that spirit means courage and enthusiasm; the ruling feeling, as the spirit of '76.

Pride does play a part in our school. Football coaches show their pride by making the football team wear "BOUNCE BACK" shirts. Students put up a bulletin board urging 18 year olds to vote. In this way they are taking part in the government that they will someday be running. This year is the first year a guy has been a surewin. Improvements, such as curtains, are made in some of the classes. New teachers and administration work hard to make a success of their new responsibilities.

Spirit is being shown in Bryan High School. The community of Bryan showed their spirit by warmly welcoming the AA State Champs. The junior class showed their spirit by presenting a skit for the football team.

**BELOW:** Seniors take their first step towards voting. This bulletin board is one of two, informing eligible juniors and seniors of their right to vote. Pictured are Janet Mohr and Cathy Abate.

**ABOVE:** Varsity Football Coaches show spirit by wearing their pride shirts. L. to R.: John Grafton, Butch Houdeshell, Doug Parks, Dale Wheeler, Tom Swearingen, Mike Monos.

# SPIRIT

**BACKGROUND:** Rah! Rah! Rah! Weather doesn't stop Carol Sumpter from getting fans into the spirit of the football game.

**BACKGROUND:** A new sight to Bryan High is our male surewin. Rick Doughten sits and listens as Jack Kralicek gives him moral support.

**Pride of '75 and the Spirit of '76**

It is important to take pride in the things one does. Juniors and seniors are keeping their grades up in order to get into college and get a good job. Pride is truly present at Bryan High School among the students, faculty, and administration.

**Pride of '75 and the Spirit of '76**

It is necessary to have spirit among the students and faculty. Without it the kids begin to lose interest in their academics and apathy becomes a problem.

# LIFE

## Pride of '75 and the Spirit of '76

Students show pride in their school by joining clubs and running for office. Joining clubs is a great way to become involved.

## Pride of '75 and the Spirit of '76

One way to show some enthusiasm in the senior class is to become involved in announcement and the robe committee. Juniors are busy selling Christmas cards to make money for the Junior-Senior. Class rings are the exciting things that the sophomores have to look forward to. Freshmen show their spirit at the pep sessions by trying to out yell everyone else in "Victory Battle Cry."

## Circus Maximus

# 1975 SPRING SPECTACULAR

A parade of clowns, animals, and stunt men with music by the A Capella Choir started off the evening of the Circus Maximus. To keep things rolling, Dick Goehler and Steve Robert served as barkers telling jokes and announcing the entertainment. Acrobatic routines and stunts were performed by talented students between the various numbers by the band, orchestra, A Capella Choir, and Ensembles. The A Capella did a popular band sequence, with the assistance of the circus band and a high school rock group. Later in the show they sang a version of "Godspell."

The orchestra performed the "Carnival of the Animals" in two parts. In the first half, Cindy Phillips was featured on the cello in "Swan." Bruce Sininger and Jera Cox were featured in "Pianists" and the string bass section in "The Ele-

phant" in the second half.

The Kaleidoscope Singers livened up the evening with "Clowns in Town" as the whole group dressed as clowns and sang and danced their way into the hearts of the audience.

The concert and symphonic bands presented several songs with the spotlights on sections such as the percussion section in "Alla Barocca" and the trumpet section in "Trumpets 'Ole." In "Selections From Superstar" and "Get Together-Light My Fire," Dan Kautz was featured on the guitar and Tony McKarns on the trap set. The evening was brought to a patriotic close including the entire music department with the band and orchestra accompanying the A Capella and Jr. Chorus in "Battle Hymn of the Republic."

## Curious Savage

# WITTY COMEDY WITH MEANING

Mask and Sandal presented a humorous and meaningful spring play entitled *Curious Savage*. Pam Bansbach played the leading role of Ethyl P. Savage with skill and poise. Her blue hair, colorful descriptions of her play production, and her teddy bear gave the audience much to laugh at. Fairy Mae, played by Denise Robert, stole the show with a "fire in the bathtub" and other surprises.

The story centered around Ethyl's "happiness fund". A charity set up for the crazy things people want to do. Her three money-hungry step children, in order to get the money, commit her to an asylum. There Ethyl meets many "interesting" people, who help her to outwit her stepchildren.

Mr. Buehler directed, while Mrs. Kissell served as assistant director. Alan Sellgren designed the set, as well as, supervising its building. Barb Forbes headed properties and Kim Smith was costume chairman. Bill Metz did a good job as lighting chairman. Carol Curtis served as student director.

**TOP:** Mrs. Savage (Pam Bansbach) beams proudly as she tells of her many antics to Jeffery (Brian Boner), Hannabal (John Curtis), Florence (Julie King), and Mrs. Paddy (Becky Rychener).

**ABOVE RIGHT:** "They seem to be the bonds!" exclaims Miss Wilhelmina (Bonnie Clark) as Dr. Emmett (Bill Lindsey) looks on.

## Fine Arts

# NEITHER SNOW NOR SLEET

... nor dark of night can stop the Fine Arts Festival. This was proven when a snow storm cancelled the Friday night activities, but Saturday the Festival became a well-attended successful show. The Wesley Church again showed its versatility as all the departments were separated well. Bryan High School was well represented as the English department gave many essays, stories, and poems, while the art department presented sculptures, paintings, and technique demonstrations. BHS musicians also performed well. Special performances were given by; The Erie Ballet Company, featuring Kim Woodgeard; and The Williams County Playhouse.

**ABOVE TOP:** Throughout the evening, dancers glided around the huge treasure chest while enjoying the music.

**ABOVE:** A galley was found on the deck of the ship complete with punch and cookies for refreshments.

**RIGHT:** Keep your eye on that ball! Cindy Hamilton tries hard in hopes of winning a prize.

## Treasure Island

# JR. SR. PROM 1975

Juniors took their senior guests through a dark, mysterious cave into the exciting world of Treasure Island. As a result of months of hard work and fund raising, juniors transformed the gym into their vision of a real island complete with waterfall, treasure, and pirates. The evening began with a buffet banquet featuring ham, roast beef, fish, salads, and fresh fruit.

When the tables were cleared and The Coachmen started the music rolling for the after dinner dance, there could be seen a huge treasure chest which occupied the center of the island, overflowing with jewels.

Tall palm trees surrounded the gym, a grass hut stood in one corner, and a "real" flowing waterfall emptied into a pool. The stage had become a ship, and after embarking onto the deck the

guests walked into the galley to find it full of punch and cookies.

Toastmaster for the evening, Clark Bowers, delivered opening remarks. Rob Dillman, junior class president, welcomed the guests and the response was given by Kevin Chapman, senior president. Recognition for the evening was given by Assistant Principal Douglas Johnson and Principal Joseph Newell and Superintendent Dr. F. Dale King offered comments.

Beginning at midnight, Post Prom fun started off with everyone in anticipation of collecting some treasures. After finding buried treasure and having a couple hours of fun, the jean clad prom goers went back to the gym where boogieing to the music of Lighter Road ended the festivities.

**ABOVE TOP:** A bit of romantic scenery adds to the enjoyment for Tim Glick and Denise Davis, Patty Vreeland and Dave Batt.

## Honor Night

# 1975 GAA

## BIG TOP

GAA council members clown around and rip-off the "Greatest Show On Earth."

The evening started off with a bang as a delicious dinner of hamloaf, fried chicken, escalloped potatoes, fruit salad, and sundaes were served.

The girls were then entertained by Mrs. Wanda Cook, of the Toledo Times, who told about her former life with the Ringling Brother's Barnum and Bailey Circus. Mrs. Cook complimented the makers of the huge elephant, noting that she had been well acquainted with the animals.

Miss Maneval took over the microphone for the last time as GAA adviser and presented the awards. The two top achievers were Karen Symington and Toni Campbell each of which received the award for 1600 points.

The climax to the dinner came when the two maid's of honor, Cindy Phillips and Andrea Benedict, were presented with a silver dish and roses. Then Karen Symington received the traditional string of pearls plus the silver dish and roses.

Afterwards the girls and their escorts were entertained by the group "Misty" directed by Marv Blanchard.

## We've Done It GRADUATING SENIORS OF 1975

Graduation started early Sunday June 1, at the six forty-five Sunrise Service, at the Wesley United Methodist Church, concluding with a light breakfast in the fellowship hall.

Later that day Commencement services were held outdoors at Park Stadium, but as it began to rain, everybody was forced to move into the gymnasium for the remainder of the ceremony.

Invocation was given by Reverend Paul Dorley followed by guest speaker Frank Venner, of WSPD-TV of Toledo. Dr. King presented special awards to members of the class. Teaming up Mr. Newell presented the class as Mrs. Cameron handed out the long awaited diplomas. Benediction was given to the new graduates by Reverend Raymond Beals of the Wesley United Methodist Church.

Twenty-seven Juniors and Seniors were inducted as new members of the National Honor Society. They joined the eighteen other members. The officers discussed the qualities needed for membership and Mr. Wayne Shaffer was the guest speaker for the induction. The President for the past year was Marc Stockwell.

## Summer

# WHAT DID YOU

Seven students represented Bryan High School in Boy's State and Girl's State held in June at Ohio University and Capitol University. There they took various positions in the miniature state government.

Clark Bowers who was representing the sergeant of State Highway Partol was chosen to stay for the Junior Cadet week.

While these students spent their summer participating in mock governments, others occupied their time by taking part in summer sports, such as girls' and boys' softball, swimming, and tennis.

Many students devoted their summer holding full or part time jobs which was fun, but also a lot of work.

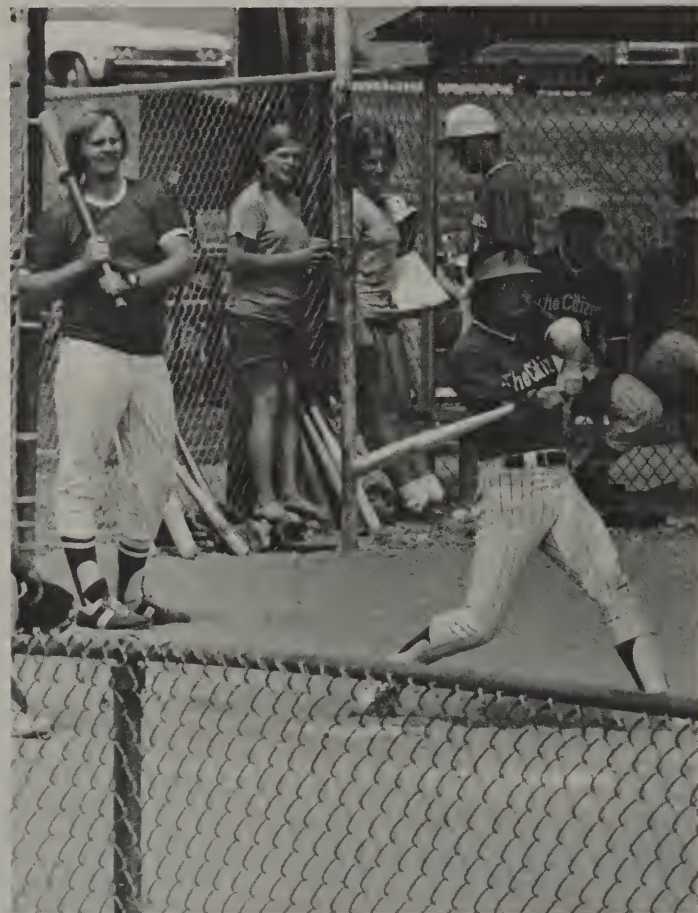

During the summer, many kids went to dances, went from party to party, and spent time with their loved ones.

**TOP:** Boy Staters. **BACK ROW:** B. Dominique, J. Metzger, R. Kautz, N. Donohue. **FRONT ROW:** C. Bowers, B. Rychener, C. Shankster, B. Boner.

## DO THIS YEAR?

Two students from Bryan spent their summer loving and studying the the different cultures of other countries. Diane Potts enjoyed her experience living a different way of life while Janet Mohr spent time with her relatives in Japan.

Others dedicated part of their summer to their academic year ahead by attending the Journalism camps in preparation for their positions on the Hi-Life and Zeta Cordia staffs.

Much time was occupied by simply loafing around the house or checking out the action of the town.

Crashing the box offices like a streak of lightening, "Jaws" and "Tommy" drew tremendous crowds providing entertainment for many throughout the summer months.

# 

**Another exciting  
event of the year.**

"Pride and Spirit" was the theme of this year's homecoming. All during the week signs were being painted, and floats were being constructed. The seniors captured first place with the freshman bringing in second. The sophomores took third place with the juniors following close behind. Then on Friday, the students and faculty were rewarded with an excellent pep-session sponsored by the cheerleaders which brought plenty of laughter to all. Masters of ceremony were Diane Potts and Dotty Miller, who introduced the queen and her court during the pre-game festivities. Even the chilling wind and rain didn't dampen the Bryan fans' enthusiasm to cheer the Golden Bears on to a victory over the Montpelier Locos, 23-0. As for the the team, without a doubt, they played the best game of the season. After the game, the junior class sponsored the dance featuring "The Bombers". Thus, homecoming was brought to an end with a memory never to be forgotten for those who participated.

# FALL

## MEMORIES OF YESTERDAY

Autumn, fall,  
Indian summer,  
The time of year  
to remember  
Bryan's football  
victories and  
Quiet walks through  
changing trees.  
These are memoirs  
of our high  
school years;  
Times of laughter,  
joy, or tears.  
Treasured are these  
days long past  
And in our hearts  
they'll always  
last.

## WINTER WONDERLAND

The snow falls,  
the earth glistens with  
an aurora of rebirth.

snowmen are seen standing  
stately upon pedestals of white.

## Pride of '75

Students take an avid interest in their school work. Teachers work hard to make their courses more interesting and beneficial to his pupils.

## Spirit of '76

Sophomores show a little spirit when they actively take part in their biology field trip. The freshmen's enthusiasm comes across when they participate in their classes, such as Latin I.

**BELOW:** Here in Mrs. Clayton's health class are three freshman. They are Karen Schreder, Lori Kaufman, and Pam Lorntz.

# ENGLISH, SPEECH, DRAMA

## Students take a look at their classes

Because students are able to choose from different English classes, they can learn in more detail one specific area. Students taking the research paper or composition classes learn techniques which they feel will be helpful in college. Research paper is a lot of work, but they have fun.

In Jr. Seminar, many feel there is a lot of work, but the material is often presented in fun and helpful ways such as group projects, film-strips, and discussions.

In Sr. Seminar, most students like the informal atmosphere. They also enjoy group work and learning from each others ideas.

Freshman and sophomore English classes enjoy reading short stories and working on plays.

Advanced speech classes like to do acting the best. Those in oral communications like the participation and learn many helpful ideas in communication.

**TOP CENTER:** Stuck between floors!! Denise Robert, John Drinnon, Dottie Miller and Tim Kays want out of that elevator.

**ABOVE RIGHT:** "I've always hated you!" Lori Benedict does more than talking to prove to Terri Shull she really means it

**LEFT:** Deb Sanders decides making a speech is not so hard after all. She only hopes they understand what she is saying.

# ART—LIBRARY

## Students relax and enjoy

Carefree and relaxing surroundings make art classes enjoyable. With no pressure or deadlines, students work on individual activities: the potter's wheel being the most popular. Bottle-cutting has been introduced and leather-working, jewelry, and macrame have been expanded.

The attitude for art is great and interest is growing; shown by the full classes.

A lot of work has been done to make the library less confusing. There are no "dead" cards in the card catalogue, so when looking for a book, a student should be able to locate it.

Books are just one aspect of the library. Research is done not only in the english department, but also in history and foreign language classes. Magazines and reference materials are on hands for these occasions.

When study halls seem to stack up and homework is either completed or put aside, the so-called "study-bums" swarm into the library to flip through the newspapers and magazines.

So relax and enjoy!

# HUMANITIES

Language courses expand

Social Studies

remain a challenge

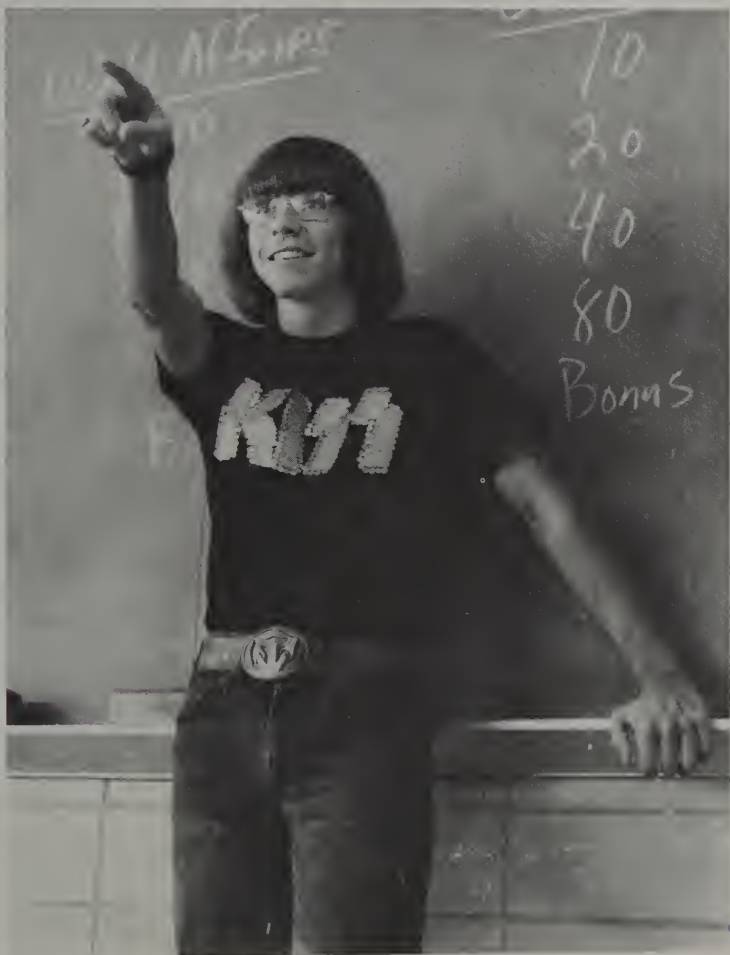

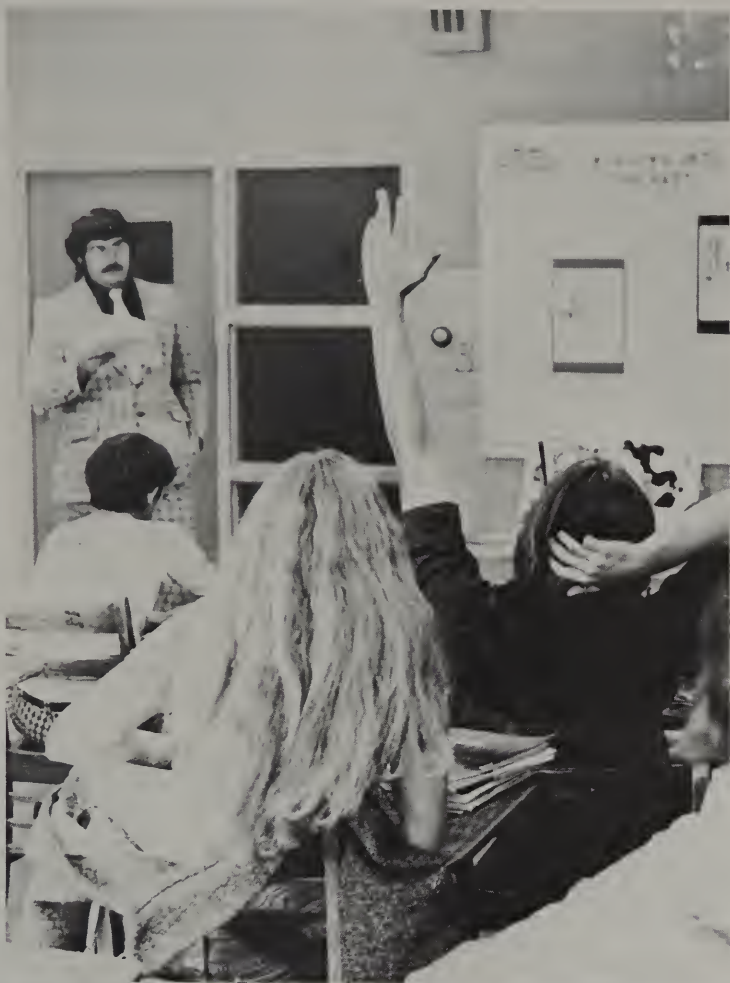

Mr. Swearingen, a new teacher in the history department this year, introduced a new, innovative game, "Name that Tune." Students were enlightened with this class time filler.

Civic students, taught by Mr. Papin and Mr. Parks, enjoyed current events, facts on five and getting to know the world about us.

Mr. Wagner relayed his own experiences and travels to better teach his World Geography classes. Students enjoyed the atmosphere that all could participate in class discussions.

Latin students taught by Mrs. Phillips made masks of Roman Gods and Goddesses. Entering into the depth of Latin, third year students studied Greek and Roman Culture.

Translations were disliked by all in the French and Spanish rooms. Mrs. Steffan and Mrs. Andrews used new methods to make more exciting and fun-filled classes.

UPPER LEFT: Student teacher, Mr. Waite reads another current events question as students challenge each others knowledge.

LEFT: "I want You," no it is not an ad for the Army, but Tim Saneda points out another student to answer the question.

Exchange students marvel over the fact that games are used for learning, biology students experience their first 6:00 a.m. class, and Mr. Sander helps out with senior math classes.

The field of science remained one of challenge though most survived.

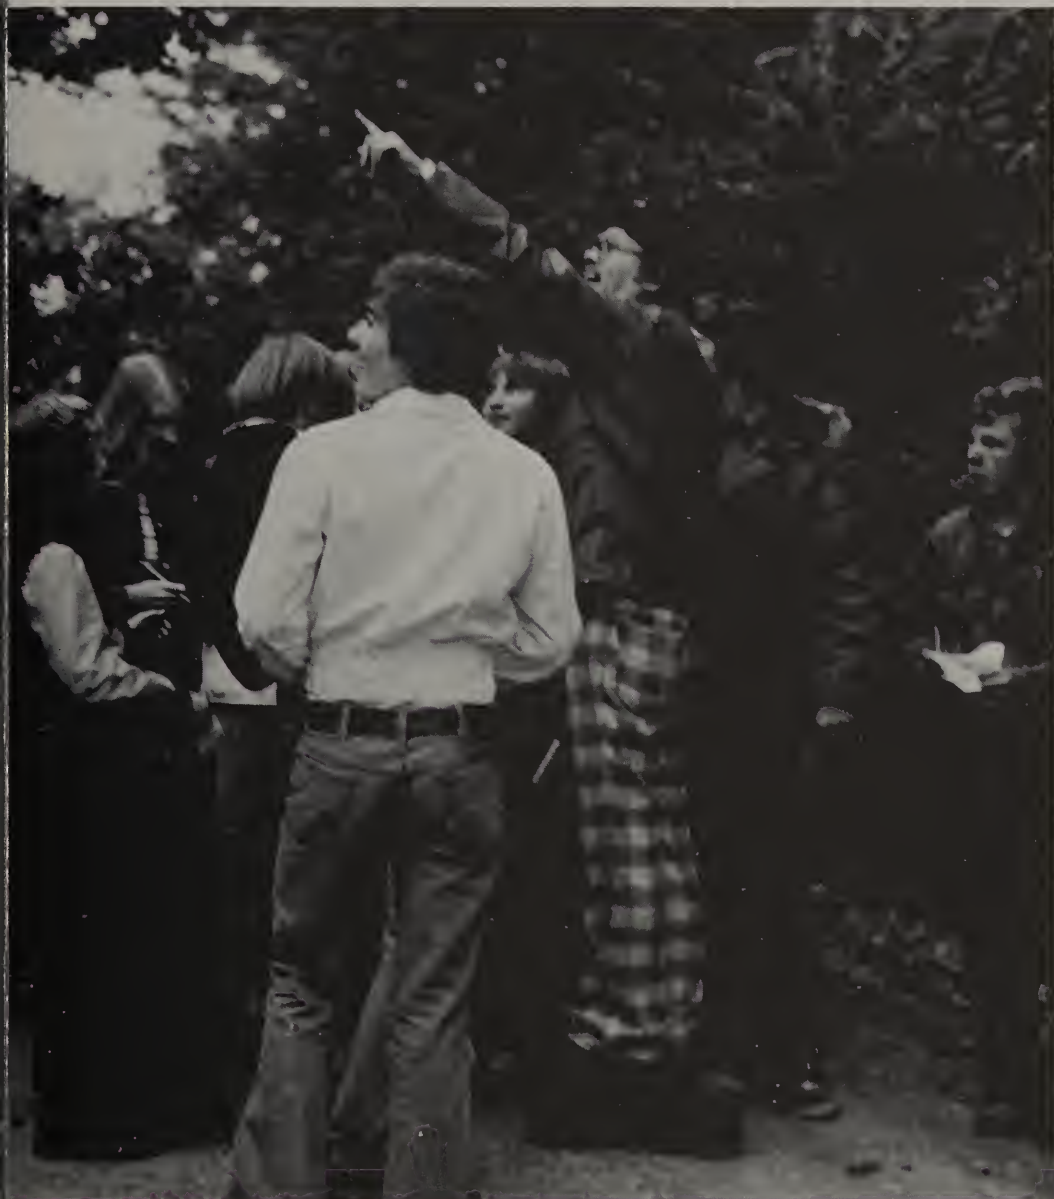

Geometrical christmas cards and the algebra game "Tuf" stayed a part of tradition while new faces like Mrs. Steffan's entered the world of math.

The world of business opened up to juniors and the number of seniors in such classes doubled. Dun and Bradstreet and the Statute of Limitations became common terms in the vocabulary of business students. The typing room went "all electric" when the manuals were removed and replaced with IBM Selectrics.

Students took a more enthusiastic approach toward their studies and seemed to realize a little more the importance of "the backbones of their education."

# PRACTICAL ARTS

Within the past couple of years, boys have had the opportunity to cook meals, sew clothes, and participate in activities usually associated with girls. Human Ecology involves boys and girls in many different courses.

**Effective Living** classes emphasized personal relationships, cooking, sewing and other fundamentals of daily life.

**Educational Opportunity** students studied Consumer Education, English, Social Studies, Math, Science, and Physical Education. Mrs. Showalter discussed marriage and other important topics with the students. Some students gained extra valuable knowledge through part time jobs.

**Industrial Arts** teachers were mainly concerned with the students doing individual projects in many courses ranging from general shop to welding. Mr. Knecht's automotive mechanics classes dismantled and reassembled engines. Mr. Koehler's silk screen printing was a very popular class which enabled students to print their own designs on various materials.

**Bachelor Living** classes prepared the young men for the time when they are out on their own. Students in this class are required to do much cooking.

**Music Theory** students taught by Mr. Burkholder learned harmonic construction, wrote compositions, and other musicianship properties.

**Agriculture** classes studied farm management, crops, livestock, and the operation and maintenance of farm machinery.

**ABOVE:** "Snack Time!" Bill Lindsey, Bill Beasley, and Bill Metz take a brake in Bachelor Living to enjoy their latest creation.

## PHYSICAL ED.

### Healthy body, healthy mind

PHYSICAL EDUCATION again proved to be a favorite of many students of all ages. The boys, guided by Coach Houdeshell, again enjoyed soccer football, basketball, killball, and many outdoor sports. The girls, under new coach, Mrs. Clayton, enjoyed badminton, hockey, and the ever popular trampoline. Both boys and girls enjoyed the co-ed activities, a new innovation this year. They played volleyball and many other sports together.

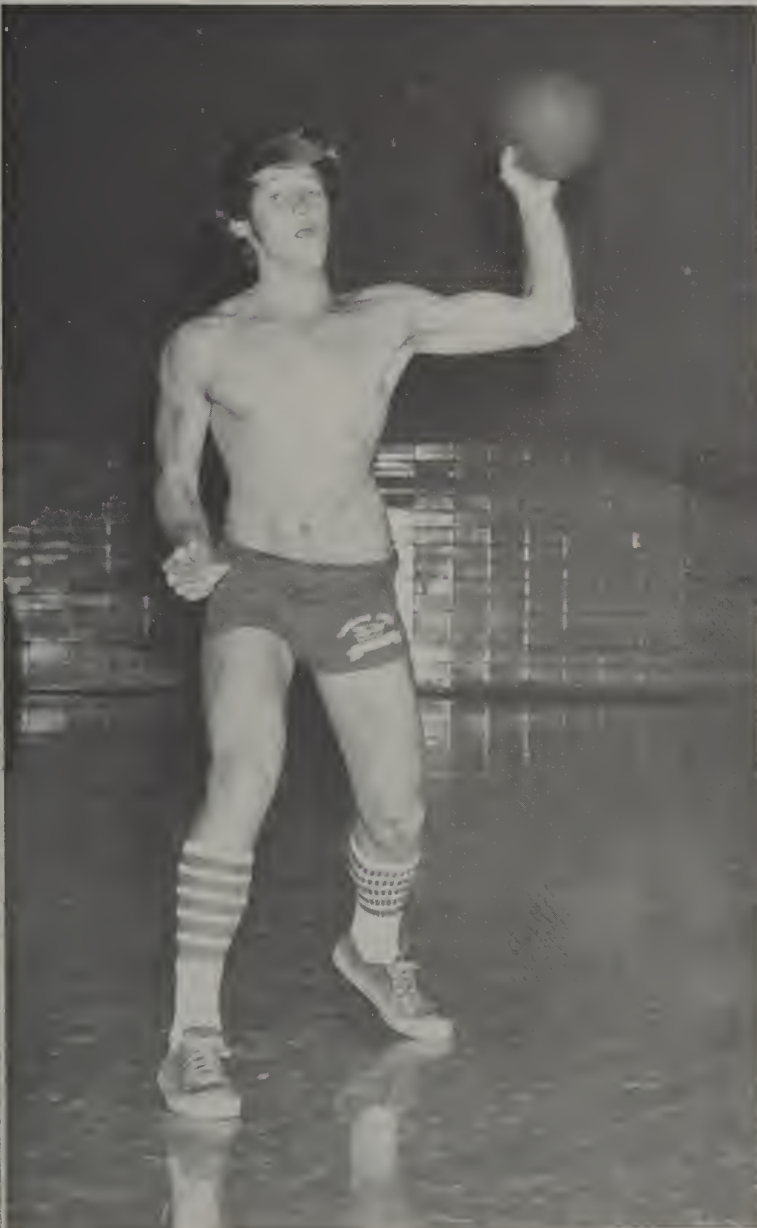

Freshman again struggled through the required semester course **HEALTH**. Segregated classes studied various social problems and ideals such as alcoholism, drugs, and aspects of dating and marriage. Body organs and their functions were also a main topic of study. Girls' classes gave oral reports on diseases and other subjects, while the boys had a special "mouth-to-mouth resuscitation" session in the classroom period.

## HI-LIFE STAFF HAS HIGH TIME

On Sale for 20 ¢

Under Editor Janet Mohr, twenty-eight seniors hit the halls, yelling at the top of their strained vocal chords, "HI-LIFE on sale for only twenty cents."

With Clark Bowers as sports editor, the sports section took on a new dynamic dimension with, "Wild's World of Sports", by none other than Wild Bill Rychener himself.

Adding their coordination skills along with writing contributions, Brenda Hess, Julie King, and Janet McCord planned the rest of the pages and convinced the others of the importance in meeting deadlines.

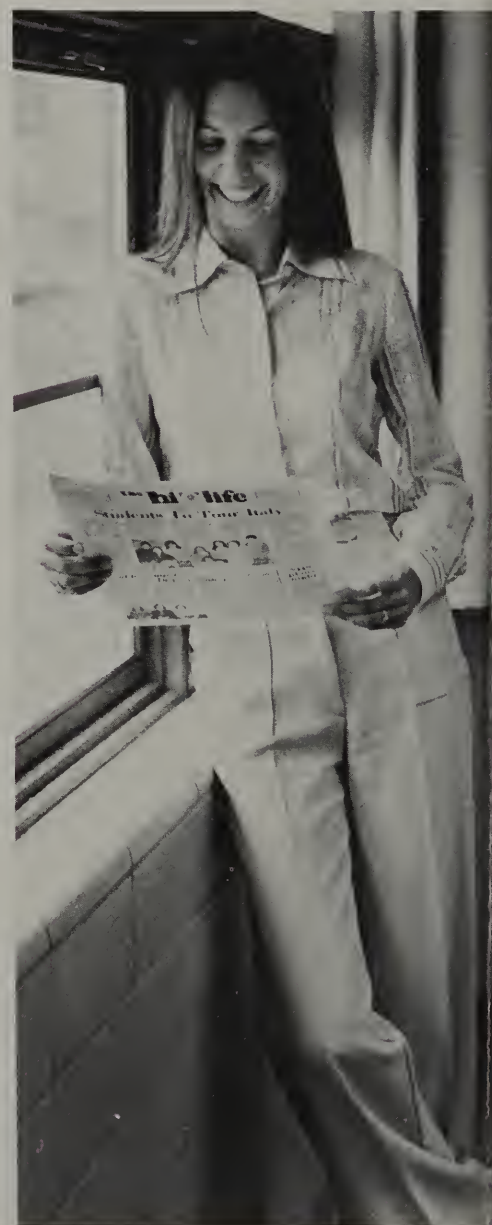

Trying constantly to sell more, the staff jammed the "air-ways", of the school with creative advertising not to be out done by

John E. Powers himself.

Spreading HI-LIFE throughout the town and throughout the county, Deb Hoops and Dotty Miller took commanding charge of HI-LIFE IN THE TIMES. Every other week the one page issue would appear in the Friday edition of The Bryan Times.

Although meeting deadlines is always a problem high on the priority list, money is always necessary for any major publication. Deb Kiney handled the situation with green thumb efficiency.

Printing special issues as sociated with Christmas and Graduation, were part of the excitement that made it worthy of the theme, "PRIDE OF 75; SPIRIT OF 76".

# ZETA CORDIA

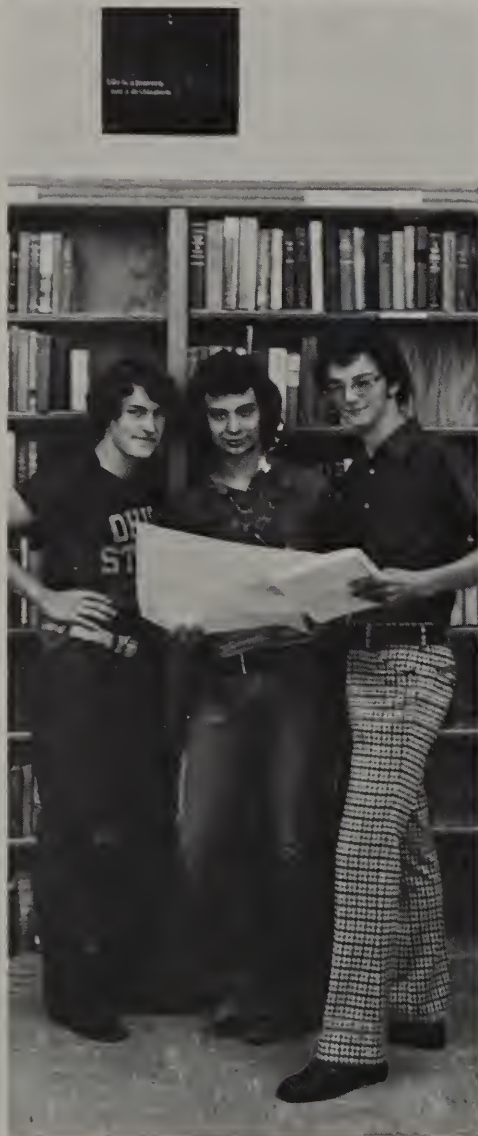

Don't lose it; Use it!

Honored with the opportunity to create a bicentennial product, the 1976 Zeta Cordia staff diligently worked to produce a hopeful All-American publication. Work began early in the summer with a workshop at Ohio University which was attended by editor Cathy Abate, sports editor Nick Donahue, activities editor Mary Krill, and Jack Kralicek.

Working second period daily under the jurisdiction of advisor Mrs. Phillips, the staff chose an appropriate theme of "Pride and Spirit". Mrs. Martin, a first year English teacher, also gave special aid to the staff by being the photography advisor.

Aided by the business staff's sales of pens, pencils, and coat checks, the 1200 Zetas were finally sold and delivered. Advised by Mr. Johnson, who received extra help from business manager Sheri Dhaenens, the business staff also distributed underclass pictures, took subscriptions, and collected money from our patrons, who again gave us excellent support.

The staff used its increase in membership to thoroughly cover the homerooms with representatives. For the convenience of the students, the \$7.50 payment was handled in four subscription drives.

## Four County

# LEARNING THROUGH EXPERIENCE

Eight-four BHS students attended Four County Vocational school in order to develop specialized skills for the future. The most popular courses offered are auto mechanics, high skill stenography, core secretarial, and OWE. Students not only are trained in the classroom but also on the job.

BHS students involved in programs were asked their views. The greatest advantage most expressed was being able to meet many new people from various other schools interested in the same

subjects as they were. They liked on the job training not only for the experience, but it also gave them an opportunity to earn money. The greatest disadvantages expressed were the bus ride back and forth and the closed noon hour.

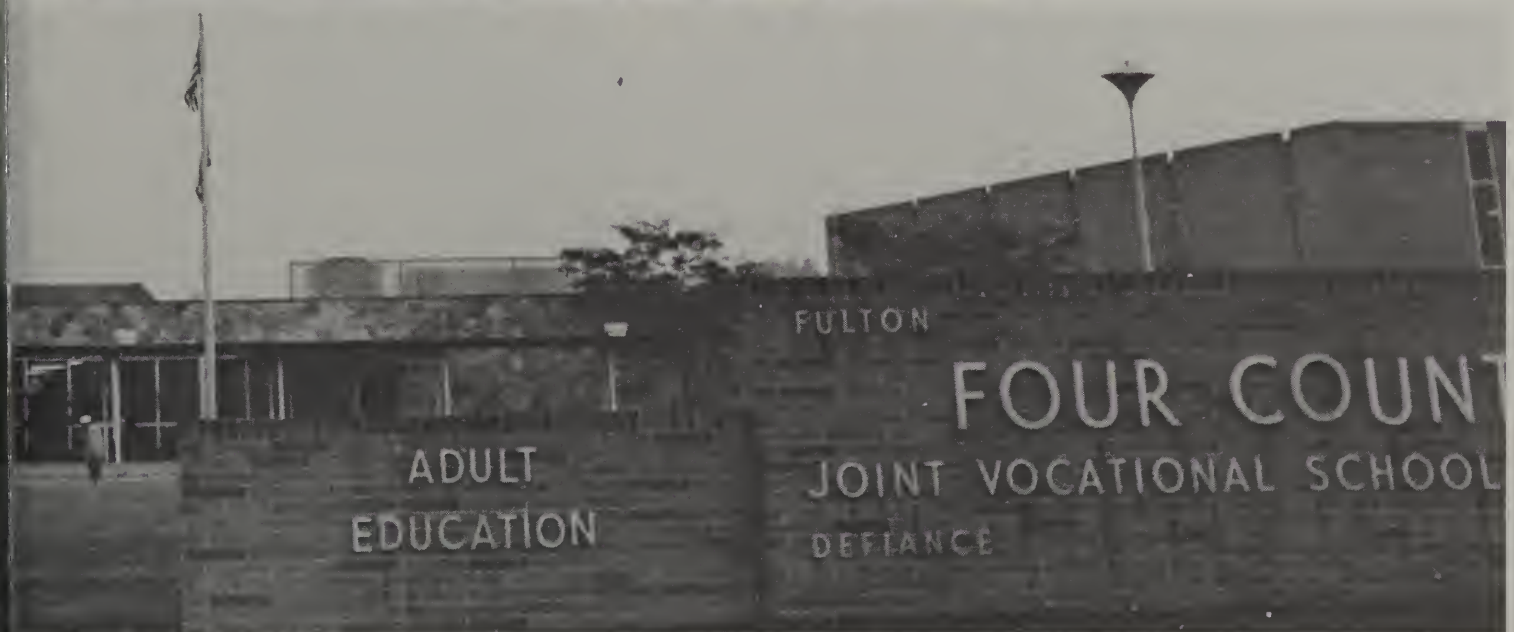

Four County students participate in Bryan High activities such as sports and clubs and also are able to be representatives of offices at Four County. Liaisons for Four County and BHS are done through the guidance department.

Students show their pride by participating in the Walk-a-thon for March of Dimes. Actively taking part in the Mask and Sandal play is another way pride is shown.

#### Spirit of '76

Hi-Life shows their spirit when they put on the 50's dance for both students and faculty. Latin Club members have the spirit necessary to make a treasure hunt great fun.

# STUDENT COUNCIL

## MASK & SANDAL

Student Council, headed by president, Clark Bowers, began their year with the annual March of Dimes Walk-A-Thon. The group raised nearly \$5000 for the handicapped, one half of which will be used in Williams County.

Proving of great value to the club was the number of exchange meetings with other schools. They were given different ideas on goals and activities of the other Councils.

Providing such assemblies as Christmas, Yoga, Bicentennial and a singing group kept them quite busy as well as the popcorn machine they operated at basketball games.

Mask and Sandal, under the advisement of Mr. Buehler and Mrs. Kissell began thier year with a meeting featuring a movie, "The Mouse That Roared."

Following make-up demonstrations and costuming tips, the club immediatley went to work on their play, "Ask Any Girl" to be presented in late November.

Springtime meant another play and busy schedules for Mask and Sandal members. The club's year ended with the Thespian Induction in which outstanding actors and actresses were bestowed the honor of being inducted for their fine performances this year.

# CAST PRESENTS ASK ANY GIRL

The action took place in the Madison Avenue Girls' Hotel in New York City. Directed by Terry Buehler, Marjorie Kissell, and John Curtis, this Mask and Sandal presentation was about a girl moving to a big city from a small town in hopes of making it on her own and finding a husband. Meg, played by Julie King, takes a train from her home town in Pennsylvania to New York City where Evan Doughten, played by Tim Davis, came into her life. He gave her a job at Doughten & Doughten.

Through the use of their motivation research, Meg changes herself to look more attractive to Evan. All of this changing is in vain and Meg eventually discovers that she is actually in love with Miles. Miles winds the drama up by proposing to Meg, who accepts.

# SERVICE CLUBS HELP TOWN

## Varsity B, Key Club

Key Club, sponsored by Kiwanis, has been busy this year. Among their activities were the Garver Park clean-up, their assistance with the Kiwanis Fly-In, Halloween Insurance sales, sale of Humane Society memberships, assistance in the paper drives, their annual car wash, and the trip to Dayton for the Key Club International Convention.

Varsity B, with the help of Advisor Houdeshell, have worked the concession stands, donated money for the NWOAL shields in the gym, and are planning on attending several Detroit basketball games.

# HI-Y WIN THE Y-TEEN HUNT.

## A vigorous struggle

It all began the eve of November 12, when the Y-Teenagers set out to discover the hiding place of the Hi-Y members. As the night progressed, they were nowhere to be found. Thus, the Y-Teens provided the Hi-Y with the pay-off dinner. Other activities included their Mother-Daughter banquet and making Christmas ornaments for the community nursing homes. Heading the club was president, Dotty Miller; vice-president, Nancy Smith; secretary, Deb Ward; and treasurer, Sue Lingvai. The 31st recipient of the Clair Newcomer award was Pam Smith. Advising the club this year was Mrs. Vincent.

Meanwhile, the Hi-Y club sprang into action with a full year of excitement. The 22 member group sold candy to help sponsor members to attend the Model Legislature in Columbus. They also served the community with their annual Christmas tree pick-up. They also participated in the hunt and enjoyed the pay-off dinner sponsored by the Y-Teens. They also planned to attend a professional basketball and hockey game. Officers for the year included president, Carl Spangler; vice-president, Brad Yahraus; secretary, Kevin Kerr; treasurer, Chris Saneda; and Mr. Graften served as adviser.

# HI-ART, AV, PHOTOGRAPHY.

## Where the action is!

Service to school and self through art is "Hi-Art in Action". The Hi-Art's 16 members kept busy throughout the year by providing services for the school and students. They also contributed their efforts and artistic abilities towards the Hi-Art sale and lunchroom decorations. Other activities included a creative arts contest and a field trip to the Toledo Art Museum with the French Club. The Hi-Art club was headed by president, Nancy Puffenberger; vice-president, Tom Krutsch; secretary-treasurer, Gary Fortney. Tom Sauppe served as the adviser of the crew.

Ready, aim, and snap! Taking pictures all year round was the main activity of the **Photography group**. The Zeta Cordia and Hi-Life could never have survived without this snappy group. Not only did they keep busy taking pictures, but also printing pictures. Head photographer, Greg Steiner helped Mrs. Martin through her 1st year as advisor of the Photography club. Thus, wherever the action was, the 7 member crew was there ready with their cameras in their hands.

Serving the teachers with any AV needs was the main objective of the **Projectionist club**. Money making projects included selling old Zeta Cordias and selling concessions at various sports events. The money made is going towards a badly needed screen for the speech room. Advising the 20 member club was Mr. Robert Johnson with his student director, Bill Beasley. Officers included president, Pat Feeney; vice-president, Bill Beasley; secretary, Susan Chapman; and treasurer, Craig Stuckey.

# LANGUAGE CLUBS

## Latin joins Mardi Gras French halloween

With increases membership, the Spanish, Latin and French Clubs of Bryan High School enjoyed more projects and greater participation than in previous years. As always, being an advisor to any organization is not an easy job, with all the headaches that go along with planning an event such as the Mardi-Gras. Mrs. Steffan who was French Club advisor started off the year with a Halloween Party complete with false faces and lavish costumes worn by the club members along with the advisor. The club also had many other activities throughout the year such as participation in the annual Mardi Gras.

Mrs. Andrews and the Spanish Club had their usual share of activities along with a new and quite different project. In November, the Spanish Club set out to put on a Fly-In breakfast complete with the "International Airport" theme.

Latin Club started out its year with an initiation which included a scavenger hunt. Also, unlike other years the Latin Club participated in the Mardi-Gras celebration for the first time.

## Youthpower

# GOOD FOOD, GOOD EATING!

Have you ever tasted the spaghetti the Youthpower makes? If not, then you are missing something really great! The dinner is made by the members and is open to the public.

The group is concerned in both the nutritional aspects and the good taste of foods. They prove this by the spaghetti dinner and their own spring banquet. They also serve for the many banquets that are held in the high school gym every year.

Their meetings usually consist of a meal and some kind of activity. Once in awhile everyone will experiment with different recipes then, they sample everyone else's work.

At Christmas time they are the ones who set up and decorate the Christmas tree in the Cafeteria.

In May the group went to the Westgate Dinner Theater where they had an enjoyable time.

The officer's for this year are Janet Mohr, president, Dotty Miller, vice-president, Deb Ward, secretary, and Nancy Weaver, treasurer. The advisors are Grace Carr and Peggy Steffan.

## Outdoor Resources

# LEARNING AND FUN TIMES!

The Outdoor Resources group headed by Tom Wagner, started out the school year by setting up the wildlife display at the Williams County Fair. More than 8,300 people visited the display making it the most popular display at the Fair again this year.

The entire group participated in a variety of activities ranging from learning experiences to fun activities. Some of them included hiking at Lost Nations in Michigan, to see the fall colors before they were lost for another year. Shooting trap and pistols at the Conservation Farm was a combined learning and fun activity.

Members of the group also traveled to National Forests, Wilderness and Conservation areas in Ohio, Michigan, and Wyoming this past summer.

Mr. Wagner demonstrated the proper technique for cleaning pheasants and a few practiced what they had just learned and proceeded to clean the rest of the pheasants while the others watched.

The group has no officers, except for Mr. Wagner, but everyone is expected to become involved in the various activities and not let someone else do all the work.

## FFA-FHA

# THE FUTURE, WHAT DOES IT HOLD?

The members of FFA were kept busy with their projects of selling cider during the fall and citrus fruit for the Christmas Season. The money they earned from these sales is used for their annual spring banquet and for the trophies that are awarded to hard working members. They are also involved in the Parliamentary procedure contest in which, for the last six years they have won the Gold Medal. In April some members attend the state convention in Columbus where they help decide state matters for FFA.

President, Larry Robarge, vice-president, Mike Culler, secretary, Ric Andres, and treasurer Jeff Eschhofen are this years officers.

The FHA members started off the year with their annual initiation of new members. It was a formal affair with each new member being presented with a carnation by the president, Cindi Rupp.

Again this year the members are selling Christmas holly and they are also experimenting with selling specialized cookbooks. Other happenings were a hayride, a penny pitch, with all money being donated to the Children's Hospital in Columbus, and their own traditional Christmas party for pre-school children.

Officers for this year are Cindi Rupp, president, Leslie Fortner, vice-president, Mary Hartman, secretary, and Lori Brown, treasurer.

# GAA

## A year of new & exciting things

Approximately 200 members involved themselves in helping with fund raising projects such as bakesales, a carwash, and the selling of "Little Darlings." This money will be used mainly for the banquet and dance in April, and awards presented to outstanding GAA members.

Activities for the year started out with volleyball, while bowling, basketball, and killball followed.

Meetings were held once a month for all members while council met on Saturdays preparing for the Spring Banquet.

An event which recently has been overlooked was the Christmas movie. This year, "See No Evil" was shown to bring back this tradition.

Helping advisor, Mrs. Clayton, this year are: president, Cindy Hamilton; vice president, Bonnie Cameron; secretary, Judy Kessen; and treasurer, Michelle Bard.

### Excitement in the Gym at Noon

Boy Howdy, Burn Outs, OTIS (Organized Terrors of Intramural Sports), Hill's Calculus Klan, Farmers, Coalition Kids, Ups, and Miscellaneous signed up for intramural volleyball to compete for a title. Tensions built in the final playoffs with "Ups" and "Farmers" battling to the bitter end. "Farmers" gave a good fight, but could not withstand the pressure of the "Ups."

Basketball seemed to be more popular with the student body. While only eight teams signed up for volleyball, ten teams organized for basketball. Approximately 300 students gathered in the gym each noon to watch the exciting games. The two dominant teams were "Wild Turkeys" and "Ups."

## SPIRIT PROMOTERS

"BEAT COUGARS" started the spirit off to a bang for those so inclined to participate. The freshmen astounded all by blasting out at their first Victory Battle Cry.

The cheerleaders retained their spirit award which was presented at each pep session while adding a touch out of the past, Jack Kralicek acted as surwin, the first boy to hold the title since 1963.

The class of '77 continued with their over abundance of spirit as informal groups such as the Secret Sisters formed to promote extra senior spirit.

Lending a masculine touch and physical strength squad, the guys were added to arouse spirit throughout the basketball season.

# 1975 BAND

## MANY MEMORABLE PERFORMANCES

Marching through the heat of the day and a foot of water, the Bryan High School Marching Band took formation for the 1975 marching band season. Under the guiding leadership of Miss Emily Foster the one hundred piece marching band learned and drilled several halftime, pregame and post-game formations. The underclass dominated band drove the spirit above personal suffering to give the Bryan Bear fans many exciting and memorable performances.

After the final game of the season, the instrumentalists converted to concert band formation and a different type of music quality.

## Orchestra

# “STRINGERS” AND WINDS

The Symphony Orchestra, directed by Mr. Burkholder, proved to be excellent musical representatives of the school. After organizing the strings and coordinating the winds and brasses, they prepared for the Christmas Concert. Their music ranging from classical to easy-listening was performed. The Contest and the Spring Concert were next on the agenda. Many classical selections were preformed at these activities.

The Pops Concert proved to be enjoyable for both the audience and the performers. The Orchestra also helped by providing the accompaniment for the spring musical.

## SPECIALTIES

### Students' talents emerge

Adding to band performances at each football game, the majorettes collaborated with much hard work to make up their own routines. In parades, the majorettes drew attention to the Bryan marching machine.

Arousing spirit with the "Fight Song," the pep band performed at home basketball games and pep sessions. Approximately fifty members composed this group, under the direction of Miss Emily Foster.

Directed by Mr. Roger Burkholder, the String Ensembles provided dinner music and sometimes entertainment for community banquets. A lavish feast in May was the reward for the time and effort given by each member.

## MUSIC SPIRIT

Choirs "turned  
on the lights"

Many members of the A Cappella feel that presenting the music programs is the most fun. With the theme **FAMILY TREE**, the A Cappella choir, Jr. Chorus, and Ensembles presented an assembly to the student body. While singing such songs as "Black and White," "Mother Country," "We're a Family Tree," "Rhythm of Life," and "I Feel Love," the property crew hung symbols of each onto the family tree.

They then took this presentation to Napoleon for an exchange concert where it was well received. Many felt it exciting and fun to sing for another school. It gave them a reason to strive for excellence while getting to meet other choir members and to sing with them.

In December, the "Lightshine Singers" presented "Christmas is Light." Using all types of lights, they went from creation to now. The sequence included dancing, singing, and narration.

In the spring, they had a formal vocal concert, contests and tryouts for the spring musical **BRIGADOON**.

#### Pride of '75

Sports play an important part at Bryan High School. Assemblies are even given for girls' sports. Students are encouraged to do the best they can. Bryan High School athletes take sports seriously.

#### Spirit of '76

The presence of a lot of people at the games and meets shows how much spirit the whole community of Bryan has. The cheerleaders keep the fans busy yelling their lungs out. For the fourth year, since 1973, Bryan has had a boy cheerleading squad.

# AA STATE

"You gotta Believe," the theme adopted by Coach Sumpter and used in the dugout throughout the season, was indeed truthful, as Bryan acquired its first State Championship.

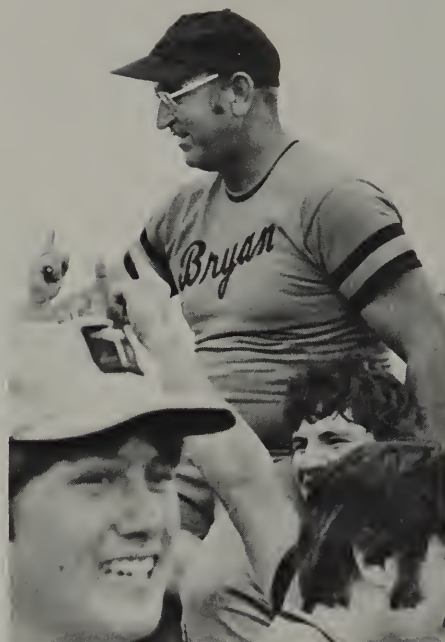

Heading into tournament play with a dismal 3-10 record, the Bears bats became "hotter than coals in fire," and brilliant pitching performances by senior ace, Steve Firevoid, paved the way for the final victory on the Olentangy.

Though rain delayed the tournament for days the downpours never dampened the spirits of the Bryan nine, nor did it spoil the hopes of the hundreds of fans that followed the team. When they did play they played like champions; together as a team, their spirit never down, always at its peak. The Bryan team proved their character and greatness by refusing to quit when they were behind in the final game

by staging a thrilling come from behind win over Hamilton Badin.

The return trip was a happy affair as an estimated crowd of 8,000 people greeted the team to show its approval and that they backed them 150 percent. Signs and spirit banners decorated many cars and store fronts. The fire whistle, Civil Defense siren and church bells also pealed in support.

Most Valuable Player went to Steve Firevoid who won nine games, six during tournament action. Firevoid's best bat was also used as a deadly weapon when needed. Batting at .459 clip, Jeff Grant received the highest Batting Average Award. Grant also shared the Most Improved Player Award along with Rick Saneda. The spirit of 75 was surely with this team through the year.

# TWO NEW BHS RECORDS SET

The Track Team had a season of 4-5, an improvement over last year. The Bears' main strength was in the track events with Jeff Greek and Bruce Herman doing well in the half-mile, Bob Rowan covering the two-mile, Eric Olnhausen ruling the 100 and 220 yard dashes, and Dan Puffenberger always placing high in the high and low hurdles. In the field events, Tom Stockman did well with the discus and Nick Donohue placed high in the long jump.

Two new BHS records were set this year. Gary Fortney broke the high

jump record with a leap of 5' 11" and Dan Puffenberger ran the 120 low hurdles with an elapsed time of 13.7 seconds.

There were three special awards given. The team named Eric Olnhausen the Most Valuable, Bruce Herman the Most Improved, and Kevin Chapman and Dan Puffenberger the co-captains.

Although the Bears are losing eight of their men to graduation, there are several underclassmen returning to fill their shoes.

# TENNIS TEAM

The Bryan Tennis Team opened it's first year of varsity competition with an excellent mark.

Coach Burkholder put down his baton and picked up his tennis racket to help sharpen the team's serve, forehand, and backhand.

Mike Kern, Terry Huffman, and Dave Kimpel were the starters in singles. Mike Kern and Terry Huffman were the first team doubles while Glenn Langston and Kevin Huffman were the second team. Dave Hale and Kent Freyman were frequently used throughout the season as valuable substitutes.

The team's greatest moment was defeating Defiance. Defiance is well noted for their tennis program and have been competing far longer than the Bryan squad.

Next years team will have returning Terry Huffman, Dave Kimpel, and Kent Freyman as lettermen.

## Great Season

# 1975 GOLF

The 1975 golf team continued its winning tradition with another fine season.

The team lost three starters from last year's squad, but juniors, Dave Burns, Kevin Kerr, Dan Johnson, and Bob Harlow filled in well for Coach Schumaker.

The linksman did not swing their way into state finals this year but did win sectional and finished a respectable fifth. In district action, Dave Burns showed his skill by hitting a hole-in-one.

At Napoleion Invitational, Rob Dillman shot an excellent round of seventy-six for medalist's honor.

The team will be losing only one starter to graduation. Coach Schumaker can look ahead to a fine season next year.

Starting the season as a young and inexperienced team, the Bryan Track chicks showed improvement during each meet. Returning lettermen, Karen Symington and Ruth Mignery, seniors, and Sue Lingvai, a junior gave their experienced performances.

Bright purple uniforms with gold trim added a new touch of brightness to the team as they ran with the men for the first time.

Top honors this year went to Ruth Mignery who achieved her goal of attaining the award of most valuable player as well as the most points award. Karen Symington was chosen most improved player because of her improvement and loyalty to the team.

## BRYAN GIRLS WIN

"Bump— Set— Spike" started the fourth year of girls' volleyball out in hopes of a winning season.

Changes in this years team included changing captains for every game and dressing up on game days. The girls became very familiar with rules of athletic training as each night's practice brought a full workout.

Taking full pride in their winning season, the girls advanced to tournaments but were stopped by the Archbold Bluestreaks, the team's arch rivals.

# HARRIERS WIN SEASON, 17-3

Finishing long, hard tedious weeks of practice, the harriers started the season with a win at the Williams County Fair. With team moral high and an over abundance of support from the public the roadrunners finished the year with a well-earned 17-3 win-loss record.

Showing leadership, improvement and maturity, even after injuries to star runners dampened their season the harriers went on to a respectable 6th place finish at the sectionals with Kurt Plouck advancing to districts.

Most Valuble Player went to Sophomore, Kurt Plouck, who had an outstanding year. Clark Bowers was the Most Improved harrier and Todd Snyder and Brad Dominique received the Most Gutsy Award. Jeff Greek was voted team captain.

Coach Wagner who is losing eight seniors from his squad, is still looking forward to a successful season, as many experienced harriers will be returning. Hopefully, a Jr. High program will be started in the near future to produce a more mature team.

# BEARS BOUNCE BACK

The Bears bounced back this year from their 1974 0-10 season to whip off a 1975 season record of 6-4, their best since 1970.

The season didn't get off to a hot start with the gridders dropping three out of the first four games. They then rebounded to triumph over Patrick Henry and skunk both Wauseon and Montpelier. The Bruins again took the receiving end with a loss from Napoleon but came back to bump off Fairview,

in a really wild game, and Rossford.

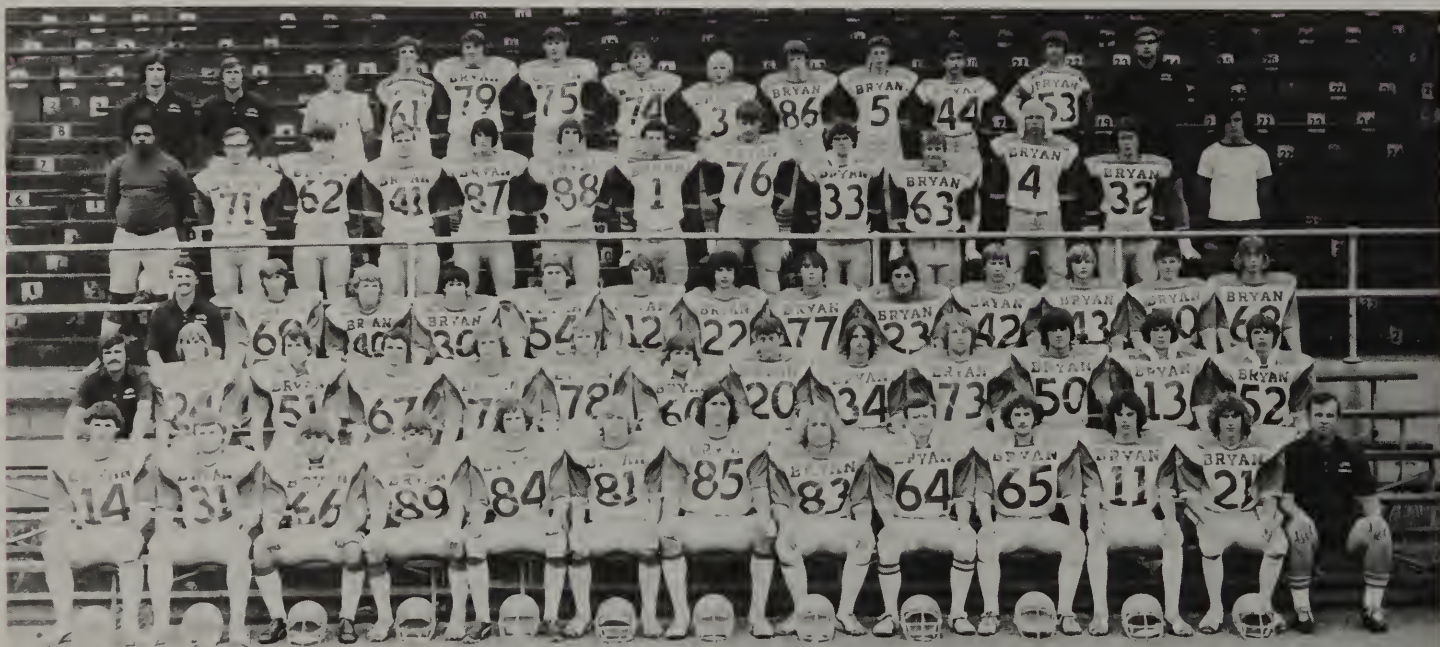

For the first time in several years the Bears weren't plagued by injuries as Dave McCord and Mike Wilhelm were the only players disabled this season.

Although the Bears are losing the majority of their offense and defense, they should be able to look forward to a good season next year as the reserves went undefeated with a 7-0 record. It appears that this year's reserves will be well-equipped to fill the varsity's shoes.

# YOUNG BEARS

## Frosh, reserve football

The Bryan Reserve football team finished the fall season with an unblemished seven wins and no losses record. In the last game the bears pulled out a thrilling victory over the then unbeaten Napoleon Wildcats. The Bears were behind late in the fourth quarter when Jeff Johnson pushed across the go ahead touchdown.

Hugh Lindsay quarterbacked this year's squad to its unbeaten string of seven. Lindsay threw many long gainers along with six touchdown passes to his sure-handed receivers; Shawn Baldwin and Bruce Herman. Jeff Johnson showed some razzle dazzle in his exciting runs and bursting kick-off returns. Jeff Smith and Larry Meyer were also a factor in the Little Bear's potent offense.

On defense Baldwin and Houston made key plays through out the season with interceptions and brutal tackles. To round out the team Brent Winebar handled field goals and kick-offs.

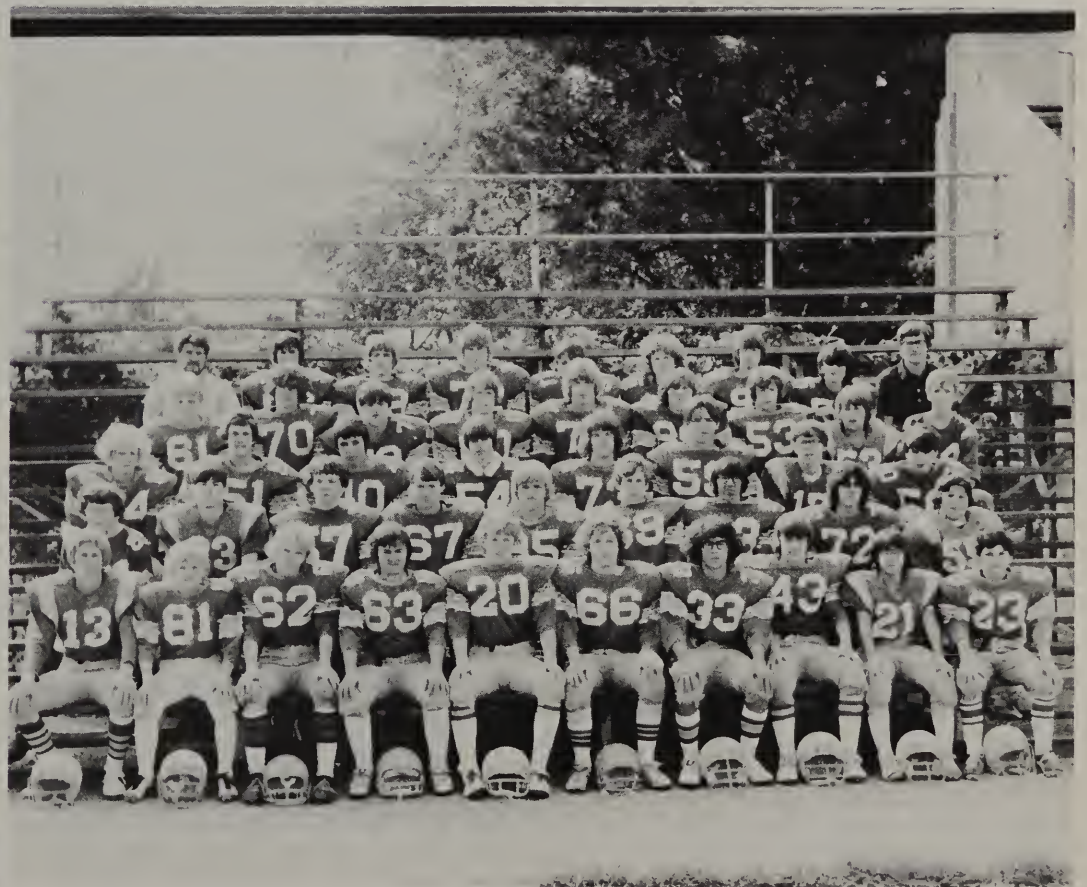

The reserves were coached by the dynamic duo, Coach Parks and Coach Swearigen.

The Bryan Freshmen football team didn't have the good seasons of the varsity and reserves. The team was never out of a ball game all year except one.

The quarterback and leader of the team was Steve Herman. Dan Jones provided power and good speed up the middle. Mark Schwietzer had the outside speed and running ability for the Frosh. The team's offense had trouble untracking this year, as the squad never scored more than one touchdown in a game.

The defense was the forte of the team as they never allowed more than 12 points in a game except once. The defense was led by Tom Bennet and Tim Saneda.

The coaches of the ninth grade squad were Coach Wisnewski and Coach Sander. Although the team had a dismal season the two coaches were able to establish fundamentals and beginning knowledge of the game.

## Girls' basketball YOUNG GIRLS BUILD TEAM

The 1976 girls' basketball team was a young team consisting of mostly sophomores and juniors. Sharon Rickenburg and Kila Bowers provided much of the scoring punch; while Apryl Weldon muscled her way to many rebounds. Coach Clayton stressed the fundamentals to both the Varsity and Reserve teams. Both teams played a full schedule of NWOAL games and non-league games. They also participated in post-season tournaments.

Being a young team the girls felt that the experience of playing older and more experienced teams helped them to work together more as a team. Coach Clayton looks forward to building a strong team for the future.

## New leadership

# 1975-76 VARSITY BASKETBALL

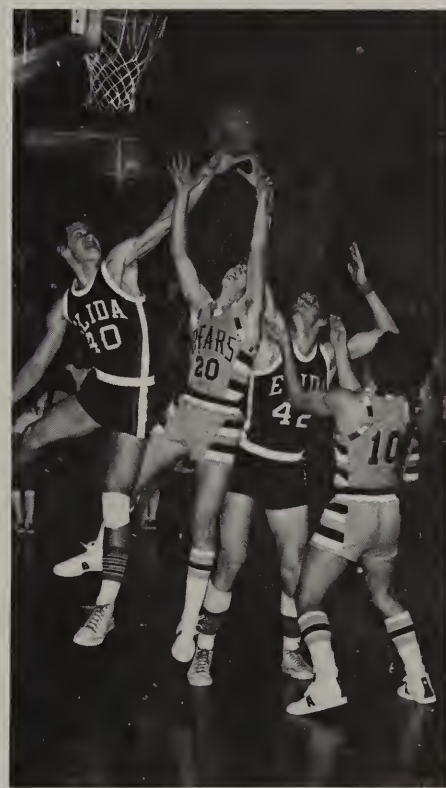

The Bryan High School varsity basketball team had a new head coach with new ideas and plans for the 1975-1976 team. Coach Tom Swearingen came from Evergreen where he taught history and also coached the Evergreen team.

Coach Swearingen wants to use the fast break as much as possible and do a lot of full court pressing.

Bryan has two big men on the team who rip those rebounds off the board to start those fast breaks. They are Doug Grant, a senior and three-year letterman Al Haines, a junior, in his first full year of varsity competition. The team shortens up with rather small but springy forwards, Jeff Eschhofen, Randy Jewell, and Bill Peggs, alternating throughout the year at forward position. Jewell has

excellent spring being able to out jump men taller than he and he also possesses a dangerous outside shot. Jeff Eschhofen was extremely quick on offense with quick moves to the basket for easy lay-ups. Bill Peggs was the most accurate shot on the team from the outside and a good freethrow shooter. Dave and Doug Freed held down the guard positions. Doug Freed who lettered his freshman year dribbled, passed, and ran his way around many surprised defenders. Doug's tenacious defense led to many sneak and big plays for the Bears. Dave Freed had a deadly outside shot and good hustle, diving after many loose balls.

Under new Coach Tom Swearingen the Bears hoped to have a new look and an exciting team.

# Reserve, freshman YOUNG BEARS SHOW POISE

The Bryan reserve basketball team coached by Doug Hill is in its second full year. The team has experienced its ups and downs but is gaining needed experience.

The team was young composed of all sophomores and faced with much older competitors.

Mike Apangler and Shawn Baldwin were the guards. Spangler forced many turnovers and led in fast breaks for the young Bears. The forwards alternated with Jim Miller, Jeff Smith, Doug Dennis and Jim Scholsser seeing plenty of action. Kevin Hoops used excellent body control and jumping ability to control many rebounds and score plenty of points. Kurt Roan also had a good outside shot and muscle under the boards.

The Varsity can look forward to the young Bears for a good season next year.

**RIGHT:** Reserve Team. **FRONT ROW:** S. Baldwin, J. Smith, P. North, B. Wisler, K. Roan. **SECOND ROW:** J. Miller, G. Koester, M. Spangler, D. Dennis. **THIRD ROW:** Coach Hill, T. Stantz, J. Schlosser, K. Hoops, C. Thamen.

**ABOVE:** Jeff Smith makes a fast break from the Delta defense and shoots a lay up as the reserves battle in defeat.

**CENTER:** Jeff Smith shoots a short jump shot while Jim Schlosser moves in fast for the rebound.

## FRESHMEN

Teamwork and hustle were the magic words for the Frosh roundballers. A penetrating defense also proved to tough for their opponents.

Steve Herman and Mark Schweitzer directed the team as a unit on the court. Derrick Smith was more than fair in his shooting at the forward position. Tom Saneda also proved to be a "gem" on the scoreboard. At the bigman's position was Tim Smith ripping down all loose balls off the boards. Much of the bench was also valuable in helping to relieve the starters.

Coach Dan Sander once again has produced a team with a winning attitude. This fine crop of young B-ballers should give hopes for the reserve and varsity teams.

**ABOVE:** Tom Saneda shoots a short jump shot amidst a sea of Napoleon players.

# 

Many under-classmen were given a chance at varsity competition this year. Returning veterans were Dave Connelly, Robin Shook, Chuck Barnes, Jeff Hooks, Chris Saneda, Brian Blakely, and Todd Snyder.

Adding fifteen mat maids to assist the Varsity Wrestling team gave the Bryan Golden Bears a new look, not to mention added spirit. There was one mat maid representing each weight class plus a few more.

Coach Dennis Wisniewski and the team started the season off right, taking the Van Wert Invitational trophy home, with the satisfaction of having beaten all the other teams including those who were much larger than Bryan. The team went on to have a very successful season.

## WE HAVE FUN, WE HAVE KICKS

The year we've all been waiting for. After three years of high school, we've finally made it to the top. We're now SENIORS! As seniors we now have the privilege to inhabit the Senior room in the afternoon and being considered upperclasspersons. With an even number of girls and guys, that are both attending Bryan and Four County, the number equals 186.

For Homecoming queen and senior attendant the class got together and chose Karen Bansbach and Bonnie Cameron. With a repeat performance of last year, the Seniors managed to put together the first place float, with the theme "Blast'em".

The seniors were busy with Career Day out at Four County and with the big decisions that have to be made such as choosing the colors for cap and gown, announcements and finally the time and place of the graduation ceremonies.

**RIGHT:** Acting very distinguished are the Senior class officers, Bill Metz, Allen Roan, Pam Smith and Bill Rychener.

**BELOW:** Blast'em is the theme of the Senior class float. A new aspect on the float is the use of lights to outline the lettering.

# I WON'T EVER FORGET WHEN ...

High school years cover a lot of time and lots can happen in those four years. We learned a lot from those around us—teachers, friends, and experiences which helped us to grow. Some things we won't ever forget and others we'll try to forget. When the seniors were asked the question "What are some exciting happenings of your high school days?," they looked back and came up with these replies:  
 being State AA Champs in baseball  
 bomb scares and fire drills  
 getting my Varsity B  
 Jr. Sr. Prom accidents  
 going to the 50's sock hop  
 chemistry in the lunchroom  
 giving tours of Bryan  
 working of first place floats  
 almost hitting a parked bus  
 boogie down at dances  
 parents leaving for the weekend  
 being a part of the Walk-a-thon  
 Camp-outs  
 Jr. Sr. swim  
 going to Chicago for Youthpower Convention  
 being elected to Student Council  
 Hill's Calculus Klan  
 the night before Homecoming

Dateless and Mateless Club  
 locking Mr. Cramer in IPS closet  
 eating Tiny's pizza  
 playing current events  
 getting off on getting out of school  
 having Prep day  
 going on field trips  
 GAA banquets  
 making new friends  
 working on publications  
 typing with Mr. Joost  
 seeing Mr. Cramer at just the wrong time  
 Monster Mansion and Vampire Village  
 cruising around town  
 watching Miss Foster being thrown in the water  
 getting a part in a play  
 skipping and never getting caught  
 beating the cops to the scene with a police radio  
 partying with friends  
 my first real love affair as a senior  
 when I was a freshman and got lost  
 "Ups" won noon intramural basketball championship  
 beating Montpelier  
 running Cross Country  
 bumping to "Rock Around the Clock"  
 Outdoor Resources Wyoming trip  
 Christmas concerts

Key Club trip to Cincinnati  
 Dillman's cowboy in charades  
 Mr. Husted's story about the squirrel and the tree  
 when Mr. Van fell out of the study hall chair  
 sorting Dum-Dum suckers on the floor in the hall at noon  
 Senior Room  
 walking into the glass lobby door  
 Kabungas  
 falling down the stairs  
 going to Europe  
 getting my license  
 being coached by "Roger the White Tornado"  
 slave day in football  
 getting a job  
 seeing Archie Griffin and Woody Hayes at state baseball game  
 Chinese fire drills  
 wrecking my car  
 spending an hour reversing names  
 getting out of class to get some Bufferin  
 getting to know Mr. Wagner  
 getting elected homecoming attendant  
 doing football shows  
 DD in biology

# BHS WELCOMES AFS, AA, AND YFU

Hailing from Odense, Denmark and Belleville, France, came Jesper Kulvmann and Chantal Bereziat to spend a year in Bryan Each student had this to say about their year's experience as a part of BHS.

"They sent me out and said: 'WALK TOGETHER, TALK TOGETHER-have a good time.'

I came to Bryan High School and got a time full of happiness and enjoyment. I became a Golden Bear, and felt the spirit of the class of '76 which made me feel like an American student.

But only for a year. Family, friends, teachers, Bryan High School, and the whole community—all something which gave me an experience that will last me a lifetime.

Now I leave it all, but perhaps I will be back someday. In that case..."

See you sometime,  
Jesper

"1975-76—People often asked me if I was homesick—and most of the time they were amazed because I said "No, not at all." But how would I have been homesick when I had such a great experience in BHS? It seemed like the people in the school were the members of a big family—everyone knew everyone, and the teachers would call you by your first name and you would hear hundreds of "hi's" by walking in the halls.

1975-76 has been a busy and wonderful year. Thank you, BHS, and Thank you, AFS."

Much Love To All,  
Chantal

The Schreder's spiral staircase proves interesting to Jesper and his host family, Karen, Mrs. Schreder, Mr. Schreder and Carol.

The Forbes new family room finds Chantal with her American family, Mrs. Forbes, Kim, Barb, and her father, Mr. Forbes.

Spaghetti suppers, Shares of Friendship and donations from clubs provide the money needed to send an American student abroad. This past summer funds were used to send Diane Potts to stay with a wonderful family in Mogi das Cruzes, Sao Paulox, Brazil.

Being greeted with a dozen roses made her feel at home with a family she would soon grow to love. The family consisted of a girl Daisy, and her mother and father.

Diane was lucky to attend two weeks of school while in Brazil although she understood little of what was going on. She feels she learned more about people themselves and herself than anything else. She treasures her experience very much and counts her relationship with her Brazilian family as one of her most valued experiences.

**LEFT:** Diane Potts ponders the wonderful memories of her summer in Brazil.

**BELOW:** Kristina explains some customs of her country to her American family Janna, Jodene, Mr. and Mrs. McFarland.

A native of Espoo, Finland, Kristina Aaltonen journeyed far from home to find her place in Bryan, Ohio. Being the first Youth for Understanding student to come to Bryan in quite a while, she was well accepted. Her cheerful smile will long be remembered by many.

"It has been a wonderful year here in Bryan, a year full of different happenings.

I am really glad that I was accepted at this school as a student. At first I was excited and a little scared but everyone put me at ease. I want to thank all the teachers and my friends who have helped me.

I hope also that you have learned something about Finland and Finns."

With My Love,  
Kristina

# WE'RE HIGH WE'RE FROM HEAVEN...

As the "Equal Right's" amendment comes closer to being passed the Junior class proves the point that women are getting more say in the business as the executive branch is headed by Carol Schreder. Followed by her fellow females, Diana Moore, vice president, Terrie Shull, treasurer, and Carol Sumpter, secretary. Even with such a handicap of 78 girls to 85 guys, the girls have come up on top again.

Their student council representatives are equally represented by both groups as Patty Davis, Kathy Ridgway, Ron Ellis and Chris Babcock were elected.

Many of the Juniors have gotten involved with extracurricular activities such as practicing for their pep skit during noon hours and after school. There is also the traditional money making projects such as, selling mums for homecoming, sponsoring the homecoming dance after the game, and selling Christmas cards. These activities take many long hours to organize and set up. But through much co-operation with the rest of the student body, they can be done successfully and another great Jr. Sr. can then be produced.

## ... WE'RE THE CLASS OF '77

During the fall of the year many juniors can be found knocking on doors and using a memorized sales pitch trying to make the most sales. The prize??? That they could be one of the selected few to earn a chair on the decorating committee. Of course if you weren't one of the lucky ones but did strive to sell a good amount they could also place you on such committees as table decoration, invitations, or food.

Yes, it takes much co-operation to make the prom a successful evening to honor the leaving seniors.

# WE'RE LOYAL, WE'RE GREAT

The class of '78 is living in the swing of things. Leading the 98 girls and 106 boys into the pattern of high school life are the class officers: Jeff Smith, president; Leslie Hamilton, secretary; Mike Spangler, vice-president; Lora Flesher, treasurer. Guiding the Sophomores in the right direction are Mr. Doug Hill and Mrs. Nancy Rupp, advisors.

Life is making decisions of which the Sophomores will make many. A very important decision is what style of class ring to order, if any. They may be considering Four County during their Sophomore year. Driving is also a major step in life. Many Sophomores were eligible to take the course this year and eagerly

looked forward to legally skipping school with Mr. Sumpter or Mr. Shumaker.

Field trips and Sophomores go together like the birds and the bees. Mr. Webster and his biology classes rose early in the morn to explore Mother Nature's creations at the conservation farm and the Beaver Creek area. Also on the list of trips is a tour of Four County Vocational School.

Homecoming as always was an exciting event with the Sophomores placing third for their float, "Knock 'em off the tracks, put 'em on their backs." Karen Wilson was attendant. Student Council representatives were John Curtis, Randy Flower, Jim Miller, and Chris Stark.

## WE'RE THE CLASS OF '78!

As Sophomores, the class of '78 now feels a part of Bryan High School. We have begun to participate more in school activities and really understand high school life.

We have become individuals; we are our own person. We no longer have the need to follow others but can now rely upon our own decisions, knowing they are right. We follow our own footsteps and mold our lives, choosing our limits and morals.

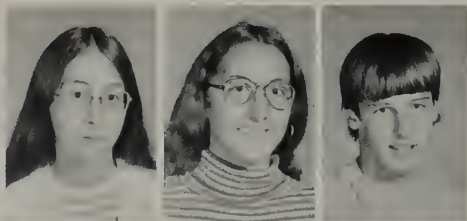

We are just beginning our lives which are full of studying, learning, and partying. We have seen the change our lives have taken and will proceed to change for the better.

## WE'RE THE BEST, WE DON'T MIND ...

"Hey, they said there was no way we could get lost!" "Now, I'm sure that senior told me that room 256 was in the west hall downstairs." "Boy, I just can't wait until I become an upperclassman! Then I'll be able to use the big drinking fountains instead of these white porcelain ones." "Oh, yea! Well, just you wait! The Class of '79 is going to be the best class ever at BHS!"

With new enthusiasm, zeal, and curiosity the freshman class stepped—no, LEAPED—through the doors of BHS. With 91 girls and 123 boys, new faces were popping up everywhere. Clubs discovered a welcome boost in their membership as the freshman started getting involved. Charlene Herman, Mike Amburgey, Kevin Salsbury, and Karen Schreder chose to represent the Class of '79 on Student Council as a part of their involvement in high school life. Whatever their choice of activities, the freshmen eagerly began their journey to becoming the "best class ever at BHS."

## GOOD-BYE, WE'RE GOING TO MISS YOU

After thirty-two years of brilliant dedication to the math department, Mr. Claude Husted decided to try the freedom of retirement. During his long teaching career at BHS he made many friends, and he was one of the few teachers ever to remain in the same room year after year.

Not only did Mr. Husted believe in good hard work; he also believed in good clean fun. He liked to tell interesting stories to help keep the humorous intellect of his scholars intact. One of these stories concerned the origin of logarithms. It seemed that all the animals went forth to multiply except two adder snakes who only knew how to ADD. So Noah invented logarithms. From that time on, the little adders were able to multiply to their hearts' content.

Stories such as this accompanied with a unique teaching style made Mr. Claude Husted gain the respect and admiration of his students. Truly, he is going to be missed in the halls of BHS.

## "TO BUILD OR NOT TO BUILD"

With the clang of the first tardy bell, Dr. F. Dale King began his third year as superintendent of Bryan City Schools. His degrees include a B.A., a M.A., and an Ed.D. Together with the school board, Dr. King discovered that once again the subject of finances would have to be discussed. However, this year the financial problem lay in the future, for the school board was studying the possibility of a building program. The condition of the Junior High warranted a serious investigation into how it could be replaced. The question of whether to change the present High School to Junior High and then build a new High School or whether to simply build a new Junior High had to be considered. Either one of these alternatives led to the question of where to build, and that question led eventually to the passage of a bond issue. Thus, the discussion finally returned to the age old problem of school finances.

Pleased that the Bryan City School system was the first to receive the Bicentennial Lunch Award, Dr. King expressed his appreciation for not only the efforts of Mrs. Carr and the cafeteria staff but also the total cooperation of the whole school. He stated that it was this kind of unity and cooperation that determined a great school system from simply a good one.

## Old Jobs—New Faces

# ADMINISTRATION

As the school year begins, returning students find Douglas Johnson as the new principal of BHS. Mr. Johnson had been assistant principal for the past five years, which gives him plenty of experience in dealing with students and with school problems. When asked how he felt about his new position, he responded with a positive answer. He believes the students are changing their attitudes toward the school, by showing more interest in academics, sports and the pride and spirit of the student body as a whole. Mr. Johnson's degrees include a B.S., M. of Ed. and an Education Specialist degree. He is also advisor of the Student Council and National Honor Society.

A new yet old face is that of Gilbert Cramer, who is returning to BHS as assistant principal. Mr. Cramer spends most of his time in the halls, and if you happen to get caught in the halls you'd better have a good excuse on why you are out of class. Also another of his distasteful jobs is finding out reasons why you are absent. So don't hold it against Mr. Cramer if he happens to track you down, he's just doing his job. His degrees include a B.S. and a M. of Ed. His is also the Senior Class Advisor.

**ABOVE LEFT:** Mrs. Dorothy Opdyke (**RIGHT**) and Mrs. Doris Harris (**LEFT**) are the familiar faces of the high school secretaries.

# TEACHERS GET INTO THE “BICENTENNIAL SPIRIT”

When it came to bicentennial projects, BHS was not lacking. The history department launched into a variety of individual student projects with Mr. Papin encouraging his students to take the Ohio American Legion and Auxiliary Test. Several of Mr. Parks' classes discovered their hidden acting talents by doing bicentennial plays. In the English department, the teachers dove into an indepth study of American literature. Moreover, Mrs. Kissell displayed her "spirit" by making red, white, and blue bulletin boards while Mrs. Gotshall had her Jr. Seminar students discuss weekly questions from the **American Issues Form**. The "Dream of Success" and the "American Work Ethic" were only two of the discussion topics.

The entire faculty got eagerly involved.

Mrs. Andrews attended a summer workshop in which she studied the Spanish activity during the revolutionary period. Mrs. Steffan's students investigated the French in America beginning with their colonization. Furthermore, Mr. Sauppe's classes explored American art through two specially designed programs while Mrs. Webster led the A Cappella in singing such songs as the "Freedom Land." Even the science department was in the "spirit" of things with Mr. Masten suggesting science projects dating from the 1830's. These were only a few of the projects that the teachers undertook to help make the "bicentennial spirit" come alive in the hearts of everyone at BHS.

## TEACHERS REVEAL SECOND CHOICE OCCUPATIONS

What would BHS be like if the 1975-1976 teaching staff had chosen an occupation other than teaching? Imagine turning the radio on and listening to Reporter Don Shumaker giving the sports review or turning the TV on to the "June Webster Comedy Hour." Meanwhile, Coach Swearingen might be seen on Channell 11 receiving a 1st place trophy after golfing against the nation's top professionals. Mr. Wisniewski might be recruited by the Jacques Cousteau diving team to help participate in their oceanography program. Oh, maybe someone has a fatal disease and needs the world's best doctor. How about Dr. Harold Houdeshell or Dr. Doug Johnson with faithful Nurse Sharrock by their sides?

Consider Mr. Parks as a real estate broker trying to sell the Washington Monument. What about Miss Foster as a trainer for a professional football team? It would not be hard to imagine Mr. Wagner as an excellent wildlife biologist, since he has already revealed his interest in nature. Then again, Mr. Knecht has quite a talent for working with wood, so he might easily have gone into carpentry with Mr. Joost as his construction manager. Mr. Grafton and Mrs. Gotshall were the only faithful teachers of the bunch. They would only settle for occupations in the field of education. Nevertheless, the students of BHS are happy that the faculty decided to teach and be a part of the 1975-1976 teaching staff at BHS.

The cafeteria staff started out on the right foot by winning the first place in the Bicentennial Nutrition Award. The first few days were hectic with a long wait for service because of the change in lines, but after a few days things became a little less hectic.

With 11 buses the bus drivers, headed by Morris Shankster, make their rounds every morning starting at 7:00 A.M.

With new blood circulating in the system, Jim Walker assist the rest of the full-time custodians.

As everyone knows someone has to do the dirty work. Thanks to the members of the cafeteria, bus drivers, and custodians, it gets done.

#### Pride of '75

Art students have pride in their projects. The junior highers may be younger but they still feel as important as those who are in high school.

#### Spirit of '76

Eighth graders are enthusiastic and are out selling candles to make money for their class. The students at Bryan Junior High have the spirit it takes to get actively involved in extracurricular activities.

# JR. HIGH CLUBS

## Working together

The **Student Council** is one of the most active groups in the Bryan Junior High. The club consists of fourteen members—four in the sixth grade, three in the seventh, and seven in the eighth grade. The officers are as follows: Brandy Cler, president; Dottie Hallett, vice-president; Julie McConnell, treasurer; and Jackie Watts, secretary.

In order to be on the Student Council, the members had to get a petition from Mr. Curt Bennet, their advisor, stating why they wanted to be on the council. Then the candidates were voted on by members of their own class.

Some of the projects and activities they held during the year were pumpkin decorating contests, door decorating contests, and they also sold pictures for one of the eighth grade projects in the 1974-75 school year.

**Youthpower**, advised by Mrs. Karnes, consisted of twenty-five members, all girls! The club wrote and performed a play about nutrition for Bryan elementary students. They performed a skit on the Ann Calone T.V. Show in Ft. Wayne, for elementary students throughout the area. Also, they set tables at banquets, and served a meal to their teachers and staff at the Jr. Hi. With the money they earned the club is planning a spring trip to King's Island.

The forty-seven **Hall Monitors** were chosen for their dependability, grades, and willingness to give up study halls. Their jobs are to run machines in the office, run errands, take things to the high school for the secretary, and put mail in mail boxes.

The thirty-five **Student Librarians** assist Mrs. Sharon Reiser by manning the circulation desk during the many periods of the day.

## BAND, ORCH.

### Musicians show their talent

Music students liked to put on concerts. There are two bands, the Cadet band and Concert band. They played various types of music such as classics, waltzes, and popular tunes.

Under the direction of Miss Emily Foster, they presented three concerts. They had their Christmas concert in December, spring concert in March, and pop concert in April. They also had fun marching in the Christmas and Memorial Day parades.

The orchestra, directed by Mr. Burkholder, met two days a week for full orchestra and one day for strings alone. They presented two major concerts in fall and winter.

## CLUBS TEACH COOPERATION

A hard working group of the junior high is the **Zeta Cordia** staff. Helping the high school identify pictures and write copy keep sixteen staff members busy. They also keep an index for the junior high. They are elected by their class members to the staff, and are trained and advised by Mr. Harry Lewis. The experience proves very useful for work on the high school staff.

**GAA** is another popular club enlisting over 100 members of the enthusiastic junior high. Under the new leadership of Mrs. Judy Karnes, girls get their first taste of organized sports. Girls participate in volleyball, basketball, bowling, as well as individual sports to learn skills for interscholastic sports in high school. President this year is Dana Olnhausen, vice-president Susie Alabata, secretary is Jackie Watts and treasurer is Marty Burns.

Three young **majorettes** lead the junior band this year. Performing at the Halloween, Memorial and Fourth of July parades encompasses their major duties.

# BEARS IMPROVE

## 5 and 2 on season

Learning that playing with full equipment, referees, and a hundred yard field was a lot different than Saturday morning flag football, fifty three Aces worked their way through sweaty summer practices and tingling mid season games. Although able to mount only two victories, these young gridiron hopefuls gained valuable experience on and off the field.

Gaining knowledge of what a rivalry is all about and why everyone gets so up for one or two particular games, was well understood when the Bears hosted the Fairview Apaches and traveled to Locomo-

tive Land and the home of the Montpelier Locomotives.

The week of October 17th proved to be one of the roughest practice weeks the aces had ever seen. Apparently the Wildcats had spies in the area as they didn't even show up for the contest. With an apparent defeat on their hands, the Wildcats stayed away from their home field and left the county, as the Bears invaded the land of the frightened little Wildcats. All together the Bears had a depressing but promising season.

### Sprinters

#### Learn Basics

Coach Dave Augspurger's young but eager junior high track team had its problems as they tallied up an 0-5 season. Time was spent learning the fundamentals and getting in shape. Once this was achieved the team traveled to Napoleon where they gave a strong showing but fell short of a victory.

The cindermen were at home for the next two meets with Defiance and Delta; then they traveled to Archbold and ended out their season with Wauseon.

Mike Monos will be the new coach this year and Doug Hill will continue as assistant coach.

Some of the team weaknesses included the lack of an adequate amount of first, second, and third places; poor scoring in the field events and the fact that Rich Bostater was out for the season with a broken foot.

Tim Simth contributed many first places in the shot put, and Tony Shockley did exceptionally well in the 880.

# WE'VE GOT THE SPIRIT

Spirit was radiated throughout the junior high with a peppy cheerleader squad. The cheerleaders spent most of their time practicing routines each week after school to prepare them for their football season and basketball season. Their advisor this year was Miss Nonemen. To earn money for their new sweaters this group of girls held two car washes during the summer.

Highlights of junior high cheerleading are pep sessions throughout the year. When asked their feelings on cheerleading the girls res ponded it was the highlight of their year.

Captain of the seventh grade squad is Nancy Coleman. The eighth grade squad choose not to have a captain this year.

## JR. HI. SPORTS

Girls' volleyball had eight teams and played games on Wednesdays through September and October. Each member received 50 points for playing and 25 points for every game they won.

The junior high wrestlers had two teams; regular and exhibition. They played 12 matches with Chris Stevens, Tim Gallant, Chris Beerbower, Jim Phillips and Rob Snyder showing promise for the future.

The seventh and eighth grade basketball teams were taught basic fundamentals under the leadership of Coaches Coleman and Nafziger. They worked on defense, offensive patterns and rebounding. Stress was also given to attitude and desire. The starters for the 8th grade team were Kevin Grant, Tom Smith, Ron Carlin, Pat Crow and Rob Thorp.

The seventh grade team being a small team, worked on developing physical strength. Coach Coleman played as starters Kent North, Bill Harlow, Curt Reiser, Kenny Whalen and a variety of players at the second guard spot.

# ACES ARE FINALLY KINGS AND QUEENS

Taking its rightful place at the head of the Junior High, the Class of '80 discovered a lot of change. The 114 "queens" and 104 "kings" began their reign by planning a colony on Mars and participating in the Constitutional Convention in American history. In earth science, they exploded their own miniture Mount Vesuvius. Literature was completely separated from ordinary English while math dipped into both algebra and geometry.

One of the major changes was the institution of a nine period day. With more periods it became necessary to have more required subjects. Thus, art and either preforming group or general music had to be taken. Study halls became a thing of the past. Instead, a small study center, with the largest class being 73, was formed.

Outside the classroom, Pep Club, Youth Power, and Zeta Cordia filled up any leftover time. Brandy Cler chose to be president of Student Council as a part of her extracurricular activities. Those athletically minded could become involved in GAA, Tennis Club, football, basketball, wrestling, or track. Obviously for the Junior High "royalty," school was not all work.

## “SEVIES” ARE MOVIN’ ON

The “Sevies” began the new year with a total of 204 students, the girls outnumbering the boys 109-95. After going through the hassle of searching for classrooms and lockers, they had to cope with memorizing locker combinations and schedules.

The students like having different teachers for each class but say school is “basically the same stuff.” Still on the academic agenda is core which consists of geography, literature, and English. Art and music are no longer elective courses. These two courses are now mandatory. However, band, orchestra, home economics, and industrial arts can still be chosen according to the students’ interests.

Adding to the excitement of a new world were sports activities and clubs to join. The students have a variety of clubs to take part in: GAA, Student Council, Zeta Cordia Staff, Student Librarians, and Youth Power. The “Sevies” especially like the new student lounge where leisure time is spent hitting the books or just relaxing.

Representing the seventh grade class on Student Council are Dottie Hallett, Jodene McFarland, and Dawn Seeley.

## SIXIES MAKE "THE BIG MOVE"

There is a first time for everything as the sixth graders helped prove the point. The sixth graders joined the other junior highs to become the little brothers and sisters in the junior high section. They found that they got such freedoms as joining the clubs that they were most interested in. These activities included Student Council, GAA, Youthpower and Zeta Cordia Staff. Another unique privilege for the students is having their own pictures in the yearbook. Transporting all the sixth graders to the Junior High building also created new jobs. The new teachers fulfilling these positions are Mrs. Oxender, Mrs. Harver, and Mr. Van Horn.

**ABOVE:** Mrs. Curtis, one of the sixth grade teachers, is busy instructing while the students show different reactions.

## Jr. high faculty

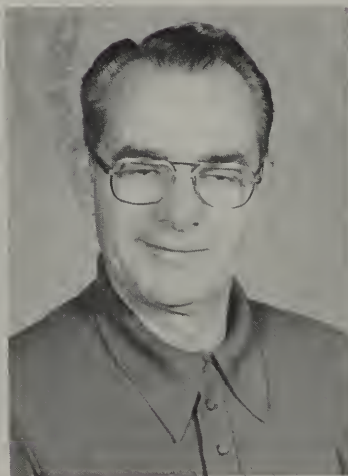

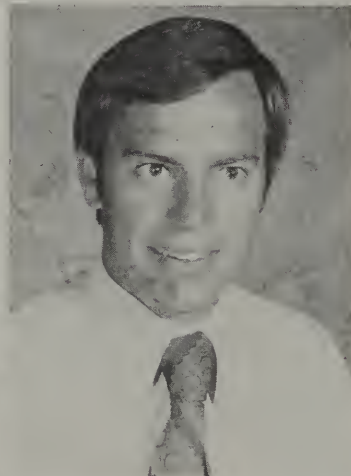

# NEW SYSTEM NEW STAFF

The junior high faculty began the new year with teaching on their minds and were occupied with planning their class schedules.

With the new concept of combining the sixth, seventh, and eighth grades, the total number of students in the junior high building is 605. Also new to the junior high are the teachers Dorothy Maneval, Barbara Tayler, Darlene Bergman, Mike Monos, Keith Van Horn, and Philip Karnes.

During the summer many teachers travelled. Mr. Cromes and Mr. Karnes travelled to Canada. Others travelled throughout the United States while Mrs. Randels and Mr. Horn toured several European countries. Miss Maneval also journeyed overseas to Truk, Guam, Saigon, Korea, and Japan.

Teachers were asked the question, "What profession would you have entered if teaching was not possible?" Mrs. Bergman and Mrs. Reiser shared an interest in a nursing career. Mrs. Tayler also had a desire to enter the medical field while Mr. Maneval and Mr. Nafziger preferred outdoor work, farming. Mrs. Finken would have liked to have been an interior decorator and Mrs. Randels wanted to deal in antiques. Mr. Reiser did not set his standards too high . . . he just wanted to be a millionaire.

**ABOVE:** Filing schedule cards is one of the many duties carried out by the junior high aides, Mrs. Hale and Miss Wolfe.

# JA, PATRONS

This year there were four Junior Achievement companies again. They were sponsored by Bryan Metals, Inc., General Tire Rubber Co., Vistron, and Hayes-Albion Exhaust System.

The Bry-tel Co. produced cheese balls and digital thermometers, while Orion's main product was ashtray candleholders. Halbion's main product was aluminum hangers. One of the busiest companies was Crystalite which produced personalized matchboxes, candy dishes, and Ohio map clocks.

Once again we would like to thank our 220 patrons.

#### Pride of '75

Since the beginning of the school year Byran High School has had pride in many areas, such as athletics, education, and extracurricular activities. And with the closing of the year 1975, we looked forward to the...

#### Spirit of '76

All through the year we were exposed to a great many things that dealt with the bicentennial, from the movie, "Dawn of Freedom," to individual student projects. Our country's 200th Birthday seemed to pop up somewhere in just about everything we did. It appeared repetitious at the time when the bicentennial was the topic of conversation, but later we will probably be able to appreciate it more.

It was true that we had the "Pride of '75" and the "Spirit of '76".

**LEFT:** It seems as if the duties of a janitor never end. This may be one thought that still goes through Skip Krill's mind as he locks the door for the end of the year.

ABOVE: The Gas Company thermometer reads a -4 as the staff braves the weather for their picture. Standing in the court house where newly erected flags celebrating the Bicentennial have been placed.

You can not believe what it feels like when you still have copy to write and your page is due the next day. In order to get finished and turn in your paper on time you have to stay up late and rack your brains the night before. It was not an easy job trying to finish a page when a picture or two was missing, or you did not have enough material to write the copy.

One great problem was solved with the help of Mr. Saupe and Steve Kepler. Mr. Saupe was kind enough to ask his art students to draw sketches for the cover of the annual. Steve's drawing was the one chosen. Steve said that he just began drawing. He drew about ten sketches, finally deciding on this particular cover. His drawing had to be colored in and then it was taken to be photographed and made smaller. From there we just had to wait and wait until the cover was finished and returned to us so we could send it into our yearbook company.

Dear Richard,

To a great guy, that I wish I could have known better. This year has wizzed by, but your final-senior year will go by so fast that you will wish you were in Jr. High (at least I do). I hope that everything turns out more then what you wanted in everything that you do. We've come along way, nearing the end of our high school years, but there has been alot of great memories. Keep the Junior class together, because it was a great group of people, especially you. Take care always, I wish you the best of all. Please stay as nice as you are, and try to write me when I get in the Army.

Love  
Karen  
(Snyder)

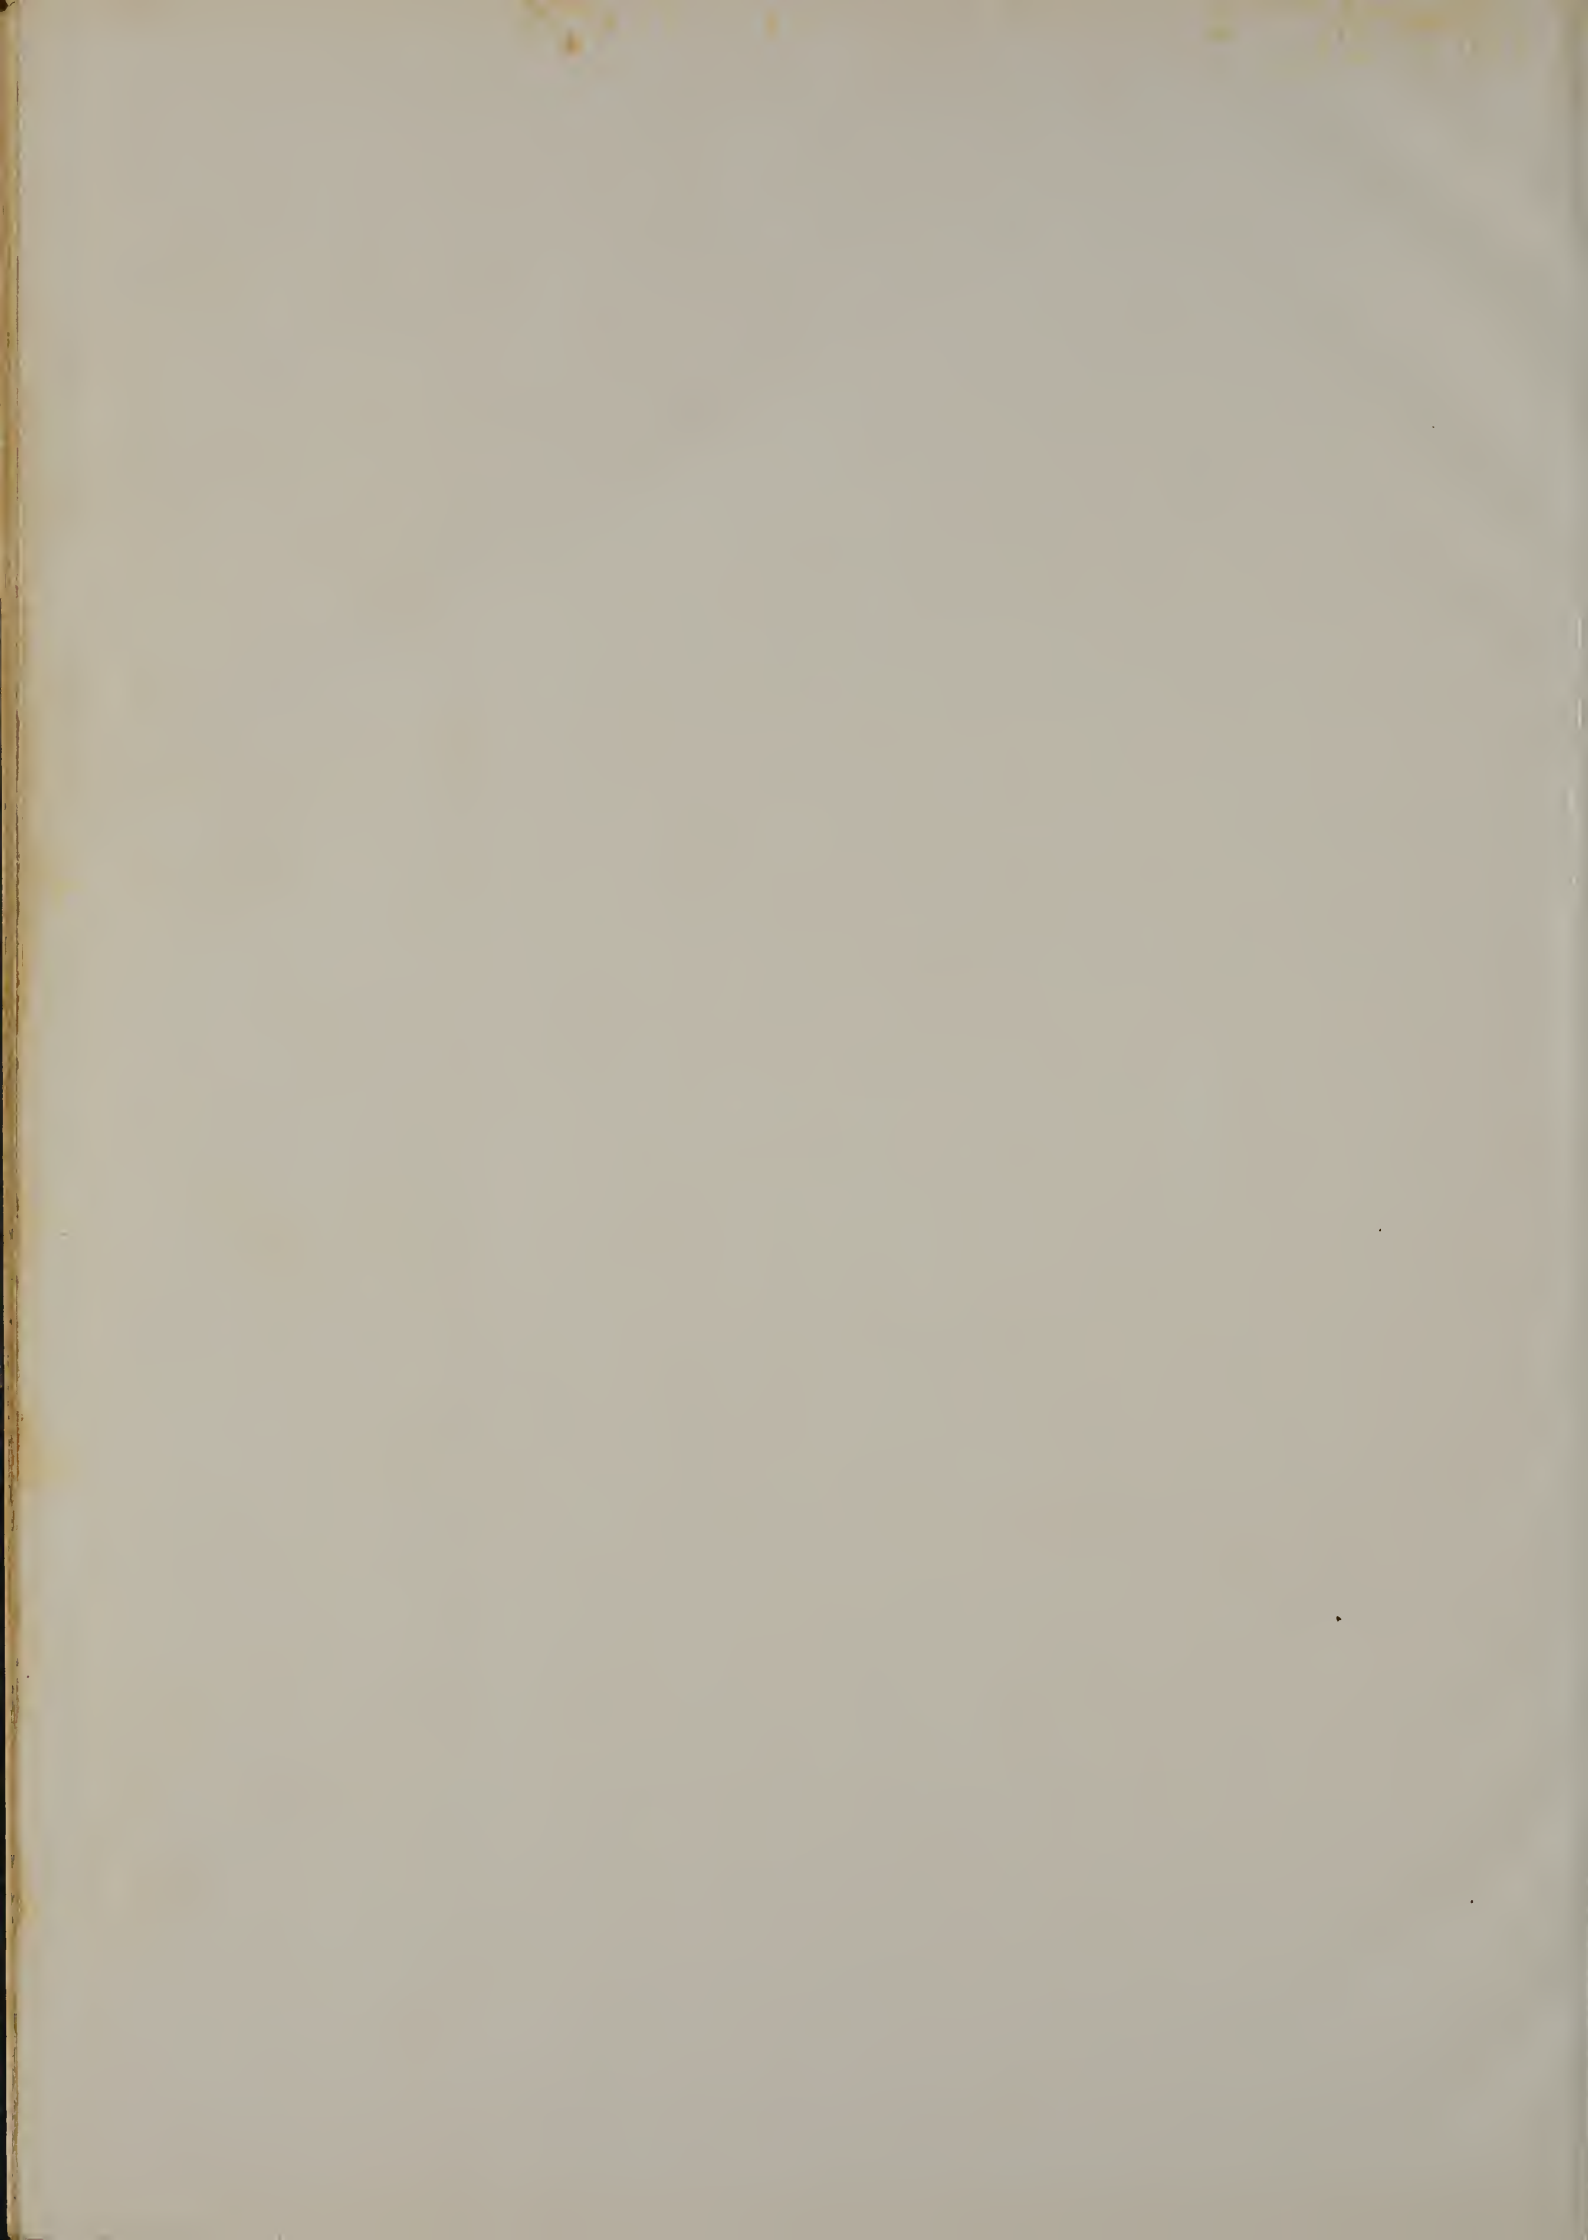

Dickie,  
I hope you get  
to visit Russia this  
summer and meet all  
the other communists.  
I had fun with you even  
though I didn't have you in  
of my classes. I hope you  
enjoy your issues of your fav-  
orite magazine! You never did  
tell us who "him" was! You better  
get that "60" Morris in shape because  
my Mel-Mobile wants to take you  
on I not out! Good luck next year  
Dickie,  
Denny Speller
